MY FUTURE

Don't need a crystal ball to see my future.
It's there in my dreams.
Focused, strong, determined. Don't expect it to be easy
It tastes better when you earn it.
I can see my future. And drugs won't get me there.

be under your
own influence.

FAMILY FOREVER

Why mess around with a good thing?
I've got my family to make proud.
They're counting on me to do the right thing.
Drugs and alcohol? No way.
I've got family.

KEEP IT REAL

Comfortable and easy. We know who we are.
And we're focused on bigger things.
Like where we're going. How we'll get there.
And who'll be with us when we arrive.
Drugs? No thanks. We're under our own influence.

be

under your
own influence.

I AM WHO I AM

Student, teacher, daring, preacher.
Colorful, courageous, scared, outrageous.
Successful, determined, survivor, winner.
All of them are me.
Drugs? Nope, that's just not me.

own influence.

WILD & WONDERFUL

Friends since we can't remember when.
Driving our parents crazy.
And being there for each other
when things get tough.
Drugs? We just don't do them.
Because we're in this together.
