APSE-MO Professional Development Day

Successful Transitions from School to Work

Registration is now open for the Annual APSE-MO Professional Development Day. Dr. Erik Carter, Cornelius Vanderbilt Professor of Special Education, will present on evidence-based strategies for supporting effective high school transition, integrated employment, and community participation for individuals with intellectual disability, autism, and multiple disabilities. Dr. Carter has published six books and over 200 articles. He co-leads the TennesseeWorks Partnership, Transition Tennessee, and the Next Steps at Vanderbilt inclusive postsecondary education program. To learn more about this opportunity or to register, please access the following link: [APSEMO](#)
