

Improving lives THROUGH
supports and services
THAT FOSTER self-determination.

3/29/18

Seats Still Available!

Reserve your seat now and plan to attend a
Kansas City Family Focus Group Session

April 2, 2018
and
April 3, 2018

The Division of Developmental Disabilities (DD) is hosting Family Focus Group sessions across the state to collect information and feedback from individuals who have a developmental disability and family members regarding the supports and services they want, need and utilize. Family representatives should have lived experiences in supporting a family member with a developmental disability. The Division will use the information shared to help design the service delivery system to be more responsive to families and individuals. For more information about the Kansas City Family Focus Group sessions or to register, please see: <https://dmh.mo.gov/dd/consfam/docs/familyfocuskc.pdf>
