**St. Louis Family Focus Group Session**

**March 15, 2018**

12:30 - 2:00

The Division of Developmental Disabilities (DD) is hosting Family Focus Group sessions across the state to collect information and feedback from individuals who have a developmental disability and family members regarding the supports and services they want, need and utilize. Family representatives should have lived experiences in supporting a family member with a developmental disability. The Division will use the information shared to help design the service delivery system to be more responsive to families and individuals. For more information about the St. Louis Family Focus Group sessions or to register, please see: <https://dmh.mo.gov/dd/consfam/docs/familyfocusstlouis.pdf>.
