Webinar

Reactive Strategy Review Process Part 2: What does it mean for the team?

May 31, 2018

10:00 - 12:30

This webinar, presented by Rita M. Cooper, BCBA, Western Region Area Behavior Analyst, offers next steps in the process described during the April 12 webinar-[Reactive Strategies Review Process](#). The purpose of the review is to find out what happened, why it happened, and determine what changes need to be made. It can be an early step in a Performance Improvement Plan, helping to identify what needs to be changed to improve performance. There are a number of tools to use to perform a review.

This webinar is designed for TCMs, providers, regional office staff, and anyone interested in understanding how to do reactive strategy review.
