Study Seeks Input from Siblings of Individuals with Disabilities

Staff at the University of Illinois-Chicago are conducting a study targeted to siblings of individuals with developmental disabilities. The purpose of the survey is to gather information related to the unique perspectives and experiences of siblings. Information obtained from the survey will be used to help identify supports and resources needed by siblings. Survey participants must be 18-years-old and be a sibling of a person with a disability. To participate in the survey, please visit: <http://bit.ly/adultsiblingsurvey>. If you have questions or want more information, please contact Meghan Burke at: meghanbm@illinois.edu or 217-300-1226.
