

Improving lives THROUGH  
supports and services  
THAT FOSTER self-determination.

2/22/19

Recorded Webinar Now Available

## **The Division of Developmental Disabilities'**

### **Technology First Initiative**

The Division of Developmental Disabilities' Technology First Initiative webinar, presented by Lisa Turner, Housing Specialist, Missouri Inclusive Housing Development Corporation, was held on February 5 with 113 registrants in attendance. This webinar explains the Division of Developmental Disabilities' Technology First Initiative and provides an overview of assistive technology services, including remote supports, which are available through the DD waivers, and how those services are planned and authorized. Examples are provided of individuals who are successfully using assistive technology services. The target audience for this webinar is: Support Coordinators and Supervisors, Providers, and Regional Office staff.

The [presentation](#) and [webinar recording](#) are now available.
