Stories from the Field

August 25, 2020
1:00 p.m.

The Division is hosting Stories from the Field webinars for service providers and targeted case management entities to stay in touch with what is happening on the frontline and discuss ways that the Division can help.

This webinar session will host a panel of day program providers to discuss the steps they took in evaluating and preparing to reopen, what challenges they have faced, how they overcame them, their practices for responding to a COVID outbreak, and what they still need from the Division.

In addition, time will be allowed for feedback on a DRAFT Return to Community Life Assessment tool. This tool can be downloaded (Event Material) for preview when you register for this webinar.
