## Station MD Medication Refill

It is important to take medications as prescribed and missing doses can have adverse health effects. If you cannot get a prescription filled by your doctor for any reason, the StationMD doctors are able to help. They can write prescriptions and send them to your pharmacy electronically. Additionally, visiting a doctor's office or urgent care for a medication refill can put individuals at risk. Medication refills are just one reason to call StationMD. Others include, but are not limited to:

- Fever
- Changes in Behavior
- Falls
- Rashes
- Minor Aches or Pains
- Constipation
- Vomiting

If you need immediate attention for any non-life-threatening medical concerns, or if you have a medical question, contact the doctors at StationMD anytime at 1-877-782-8637. StationMD's service is completely free for Missouri's Medicaid Waiver recipients.

To learn more about the service, [visit our website](#) or contact [MO-DMH@StationMD.com](mailto:MO-DMH@StationMD.com)
