## Facebook Live Our COVID Story

March 25, 2021  
3:00 pm ET

The National Association of State Directors of Developmental Disabilities (NASDDDS) presents the Facebook premier of "Our COVID Story" in honor of Developmental Disabilities Awareness Month. This documentary originally aired at the NASDDDS annual conference in November. The story highlights advocates with intellectual and developmental disabilities along with the state system directors and key partners who have joined together to strengthen the system of supports in each state during these challenging times. A story of creativity, resiliency, and partnership deserving recognition by us all. This documentary is dedicated to those supported, all state staff, providers, DSPs, and other key allies who make it possible.

Join [NASDDDS via Facebook](#) on March 25 at 3:00 pm ET for "Our COVID Story".
