## People First at Large Chapter

Are you interested in being a People First member?  
No Chapter in your area?  
If so, People First at Large Chapter is for you!

*People First at Large* is a new online statewide chapter that will allow self-advocates to participate in People First even if they do not have access to a local chapter in their area.

*People First at Large* will have elected officers, member-driven goals, and will support members to start their own local chapters.

Want to know more? If you have questions or want to know more about becoming a member of *People First at Large*, contact David Forbes at [davidforbes17@gmail.com](mailto:davidforbes17@gmail.com) or mark your calendar and attend a FREE information session scheduled for May 20, 2021 @ 4:00 p.m. Register for the online event [here](#).
