

Improving lives THROUGH  
supports and services  
THAT FOSTER self-determination.

6/10/21

FREE Missouri's No Wrong Door Workshop Series  
**JUNE 23, 2021**  
**12:30 p.m. - 1:30 p.m. (CST)**

### **Assistive Technology for Viewing Computers and Printed Materials**

Join this FREE on-line workshop and learn how to explore and plan for integrated services, supports, and technology for viewing computers and printed materials for you and those you support. Through cost-effective assistive technology (AT) resources and every-day skill-building strategies, the goal of this session focuses on:

- Providing immediate-use ideas for problem-solving and planning.
- Strengthening your everyday technology knowledge.
- Incorporating / Understanding local service and support strategies.

Register for this FREE workshop [HERE](#).
