

WEBVTT

1

00:00:00.000 --> 00:00:08.640

Good morning everyone it is 1030, so we will go ahead and get started.

2

00:00:08.640 --> 00:00:22.980

Couple things that I wanted to make folks aware of starting in June these BI, weekly webinars will move to a monthly format. So our next Friday webinar will be June 18th at 1030.

3

00:00:22.980 --> 00:00:30.179

We'll go ahead and get the June July and August States rolled out at the same time. So you can get those on your calendar.

4

00:00:30.179 --> 00:00:34.170

Also, if there is something that comes up and.

5

00:00:34.170 --> 00:00:44.670

We determine there's information we need to push out. We will absolutely schedule something in between those but in a, in a sense of routine and.

6

00:00:44.670 --> 00:00:50.490

Getting back to him, I hate to use the word normal day to day and we're going to go to a monthly format.

7

00:00:50.875 --> 00:00:52.225

Also 1 other thing,

8

00:00:52.795 --> 00:00:54.503

if you haven't been on the divisions,

9

00:00:54.503 --> 00:00:56.454

coven web page recently,

10

00:00:56.755 --> 00:00:57.384

hop on there,

11

00:00:57.384 --> 00:01:07.344

we have added some additional resources and vaccine information and we have also added some information to the education and learning page.

12

00:01:07.620 --> 00:01:11.760

I know I've walked to, you guys do that several times and how to get there.

13

00:01:11.760 --> 00:01:23.939

On your screen, you got to the community support tab there and go to education and learning. So just to remind her to go back and check that spot regularly and with that, I will turn it over to Jeff.

14

00:01:26.909 --> 00:01:32.790

Thank you. Hi. Good morning. Everyone for Memorial Day weekend.

15

00:01:32.790 --> 00:01:37.620

And thank you in advance to the many of you. I know that will be.

16

00:01:37.620 --> 00:01:44.670

Working over the weekend to provide support to that to those that we take care of. So.

17

00:01:44.670 --> 00:01:54.359

I appreciate all that. You do you update this morning? 1 thing I wanted to mention I talked about the additional resources that had been added to.

18

00:01:54.359 --> 00:01:57.510

The education page 1 of those things is.

19

00:01:57.510 --> 00:02:00.750

A plain language guide that that was developed.

20

00:02:00.750 --> 00:02:05.640

In partnership with the city council.

21

00:02:05.640 --> 00:02:11.610

And it is a really great plain language guide for Cogan 19 vaccine. I found it.

22

00:02:11.610 --> 00:02:16.560

Very helpful and useful, and they should check that out and use that resource.

23

00:02:16.560 --> 00:02:22.889

Just a few updates today and hopefully have a quick meeting.

24

00:02:22.889 --> 00:02:29.039

To celebrate Friday on the holiday. The 1 of the things I wanted to mention is that.

25

00:02:29.039 --> 00:02:41.520

The Missouri area agencies on aging were awarded a grant from the administration for community living and the grant is focused on chronic disease self management, education classes.

26

00:02:41.520 --> 00:02:44.669

But it's also a step towards.

27

00:02:44.669 --> 00:02:56.610

Value based care in Missouri, and it's in partnership with the Department of health and senior services, and our division of dB and providers.

28

00:02:56.610 --> 00:03:01.020

And what the, the grant hopes to achieve is to.

29

00:03:01.020 --> 00:03:07.770

Show the value of the education of chronic disease management.

30

00:03:07.770 --> 00:03:13.229

In a setting where an individual receiving services.

31

00:03:13.229 --> 00:03:18.090

And their direct support professionals that works with them on a regular basis.

32

00:03:18.090 --> 00:03:21.330

Go to the training and education classes together.

33

00:03:21.330 --> 00:03:26.969

To learn the best way to manage their chronic condition and have good outcomes.

34

00:03:26.969 --> 00:03:36.389

And to see that, that will make a real impact when those individuals are receiving that education together.

35

00:03:36.389 --> 00:03:42.270

So very excited because that will help. So the value of.

36

00:03:42.270 --> 00:03:48.180

Providing providing that education and and we'll have data and outcomes to show.

37

00:03:48.180 --> 00:03:54.479

Um, the meaning the meaningful fullness of that investing and that education.

38

00:03:54.479 --> 00:03:57.509

Uh, for for those that we serve, so.

39

00:03:57.509 --> 00:04:07.530

Look for more information on that coming soon. Something that came out recently is from the CMS is the.

40

00:04:07.530 --> 00:04:12.449

Guidance from the American rescue plant act.

41

00:04:12.449 --> 00:04:18.240

The stimulus plan on the enhanced coming community based services.

42

00:04:18.240 --> 00:04:21.629

Federal match, so in the.

43

00:04:21.629 --> 00:04:32.908

American rescue acts, there was specific language, which gave state the ability to earn and enhance federal match on their home and community based services programs.

44

00:04:32.908 --> 00:04:37.738

That was a 10% enhanced match and.

45

00:04:37.738 --> 00:04:51.358

Previous stimulus bills that happened in 2020 allows states to earn enhanced match, but this 1 was special and we liked it even more because it allowed states to earn that enhanced match.

46

00:04:51.358 --> 00:04:57.329

And then required States to spend the enhanced match.

47

00:04:57.774 --> 00:05:07.733

To enhance and expand time acuity based services and there was a requirement within the legislation from a federal level,

48

00:05:07.853 --> 00:05:18.053

which required States to supplement and not some plants meaning that they had to maintain the level of funding that they were already providing the services and specifically use this funding for the purpose of.

49

00:05:18.358 --> 00:05:21.449

Enhancing and expanding, so that guidance came out.

50

00:05:21.449 --> 00:05:26.098

And a Medicaid letter, they called it a letter.

51

00:05:26.098 --> 00:05:30.718

But I made fun of them a little bit jokingly that.

52

00:05:30.718 --> 00:05:36.149

Once you get past 5 pages, I don't think you can call something a letter and it was.

53

00:05:36.149 --> 00:05:41.369

It was 26 pages, so I think at that point, you have to call it a book, or at least a report.

54

00:05:41.369 --> 00:05:50.038

But that guidance came out and a couple of, uh, really important things that came out in that guidance from CMS.

55

00:05:50.038 --> 00:05:54.598

Was what the state needed to do in order to.

56

00:05:54.598 --> 00:06:03.209

1st of all earn that 10%, which from Missouri is around 240Million additional dollars to enhance and expand our programs and.

57

00:06:03.209 --> 00:06:15.629

We have the guidance made clear that we have until March of 2024 to spend that money, which is something that we had advocated for, in hopes that there was time.

58

00:06:15.629 --> 00:06:20.668

Time to spend the money to, in order to make meaningful changes.

59

00:06:20.668 --> 00:06:24.838

In order to earn the enhanced f map States cannot.

60

00:06:24.838 --> 00:06:28.889

Restrict eligibility decrease the scope of services.

61

00:06:28.889 --> 00:06:34.978

Or reduce rate below what was in place on April 1st.

62

00:06:34.978 --> 00:06:38.939

This year and.

63

00:06:38.939 --> 00:06:51.838

That is something that we have a few questions on for. So we're working on some, some additional guidance there and we'll send out more information as we get it. And the other thing was the guidance told us how we could.

64

00:06:51.838 --> 00:06:58.798

Spend the money to enhance and expand how many community based services, and it had a lot of variety of.

65

00:06:58.798 --> 00:07:02.759

Of ways and options, which was exciting, including.

66

00:07:02.759 --> 00:07:06.509

Supporting the workforce rate.

67

00:07:06.509 --> 00:07:11.728

Enhancing it infrastructure all of the.

68

00:07:11.728 --> 00:07:15.119

The really the ideas that have come.

69

00:07:15.119 --> 00:07:19.588

From stakeholders and and through the feedback that we had already received.

70

00:07:19.588 --> 00:07:25.829

As the division, and from division staff, it really didn't throw anything out.

71

00:07:25.829 --> 00:07:32.338

As something we couldn't do, so that was great news that we really had already had that information together. So.

72

00:07:32.338 --> 00:07:41.038

The requirement is to have the initial spend plan in to CMS for approval by June 16th and then CMS has 30 days.

73

00:07:41.038 --> 00:07:45.959

To approve to work with the state to approve that spend plan.

74

00:07:45.959 --> 00:07:50.579

Um, another thing to just add, as a note there is that.

75

00:07:50.579 --> 00:07:56.038

While we submit a initial spend plan any money.

76

00:07:56.038 --> 00:08:06.718

That we spend with the enhanced f, map does still have to be appropriated by the general assembly. So that's something we'll be working with our partners and we legislature.

77

00:08:06.718 --> 00:08:10.499

Uh, with over the coming months and year.

78

00:08:11.608 --> 00:08:23.968

The other the final thing I wanted to mention is just that with the holiday weekend, I know everybody may be traveling or doing different things being family, seeing friends.

79

00:08:23.968 --> 00:08:28.139

And with that may come a situation where you find yourself.

80

00:08:28.139 --> 00:08:33.599

Meeting to test and find a testing location for cobit 19.

81

00:08:33.599 --> 00:08:38.818

And so the division will be sending out information and about.

82

00:08:38.818 --> 00:08:45.749

Ways to get tested in places, but there's also and hike. I think I gave you a couple links. There's.

83

00:08:45.749 --> 00:08:54.089

There's 2 different places on the Department of health and senior services Web site where you can go, which will take you to.

84

00:08:54.089 --> 00:08:58.558

Uh, state locations that are free testing locations.

85

00:08:58.558 --> 00:09:02.548

Um, and when they're they're up and running as well as.

86

00:09:02.548 --> 00:09:15.089

The federal sites, so there is the 1st, 1, that is the.

87

00:09:15.089 --> 00:09:21.869

Uh, the state testing sites, and if you can kind of scroll down there, it is.

88

00:09:24.239 --> 00:09:33.178

Tells you kind of the area and then whether it's open every day, every Saturday a specific date.

89

00:09:33.178 --> 00:09:40.619

And and where to go and what time and everything so that's really helpful.

90

00:09:40.619 --> 00:09:45.509

And then the 2nd, 1 is the federal testing locations.

91

00:09:52.139 --> 00:09:56.969

And this 1 have a great he's the web address.

92

00:09:56.969 --> 00:10:02.788

Do I need to wait till you pull it up? I don't say it wrong.

93

00:10:09.928 --> 00:10:13.859

Yeah, do I need a colon 19 test dot com love it.

94

00:10:13.859 --> 00:10:26.668

Very simple. I like simple. So this 1, if you scroll down talks about why, you know, some basic information about why you might need a task, but if you scroll down to kind of.

95

00:10:26.668 --> 00:10:30.359

Middle bottom of the page, it has a list of states.

96

00:10:30.359 --> 00:10:38.129

And you can select Missouri there we are.

97

00:10:39.808 --> 00:10:44.849

And then it'll go through a list of federal testing locations.

98

00:10:44.849 --> 00:10:49.589

In different areas of the state and then if you just want to click on any of those.

99

00:10:52.048 --> 00:10:55.619

It tells you exactly when.

100

00:10:55.619 --> 00:11:04.078

You can go get tested and kind of the details of how to get tested at that location. So I just wanted to make sure we put those resources out there.

101

00:11:04.078 --> 00:11:07.769

Um, in light of the, the holiday weekend.

102

00:11:07.769 --> 00:11:13.589

And the fact that we might be seeing individuals and and have symptoms that show up. So.

103

00:11:13.589 --> 00:11:18.869

With that I will turn it over to Angie who has some updates regarding.

104

00:11:18.869 --> 00:11:24.178

So, everyone has a great weekend. Thank you, Jeff.

105

00:11:24.178 --> 00:11:27.389

I know everyone has anxiously awaiting.

106

00:11:27.389 --> 00:11:31.859

The Lord of the aggregator contractor.

107

00:11:31.859 --> 00:11:39.208

From Health Net, so that was announced yesterday and you may have seen a provider bulletin, come out from low Health Net, but they did awards.

108

00:11:39.208 --> 00:11:45.688

Their E aggregator to stand data technologies so you will start seeing more information.

109

00:11:45.688 --> 00:11:50.038

Come out about that, so please make sure to stay in tune to health net bulletin.

110

00:11:50.038 --> 00:11:53.458

And then we'll, we'll continue to update you as well, but.

111

00:11:53.458 --> 00:11:56.759

But send out, then we'll work with with health net on.

112

00:11:56.759 --> 00:12:07.109

That aggregation of the electronic visit verification data, they will offer training for vendors and personal care service providers.

113

00:12:07.109 --> 00:12:15.149

Just about using the, their aggregator system so I know That'll take a little bit of time for them to get that rolled out.

114

00:12:15.149 --> 00:12:21.239

But we just wanted to make sure that everyone was aware of that award and then the upcoming training.

115

00:12:21.239 --> 00:12:27.958

That will be offered so stay tuned and we will keep keep you posted on on.

116

00:12:27.958 --> 00:12:31.078

On how they roll that out and and what's available for you.

117

00:12:31.078 --> 00:12:34.259

And that is really all I have for today. So.

118

00:12:34.259 --> 00:12:38.099

I'll turn it back to hie if she has any closing words.

119

00:12:38.099 --> 00:12:44.428

I don't think I have anything else this morning to share.

120

00:12:45.234 --> 00:12:59.874

So we're a good spot, we've given you back a little bit of your day, and you're armed with some good information. So, again, reminder, June 18th will be the next webinar watch for an email blast to go out with that. And everyone have a safe and wonderful holiday.

121

00:12:59.874 --> 00:13:00.442

We can.
