

Improving lives THROUGH  
supports and services  
THAT FOSTER self-determination.

3/28/22

## 2022 Virtual Technology Summit

A total of 408 attendees participated in the 2022 Virtual Technology Summit. Attendees received information about technology resources, how to talk about technology based outcomes, and ideas to get started utilizing technology. Presentations and recordings are now available on the [Division's Summit webpage](#).

- [Keynote Speakers](#)
- [Session Presentations](#)
- [Vendors](#)

The [Summit Survey](#) is still available on the website. Feedback will assist with planning for the 2023 Virtual Technology Summit.
