

FYI FRIDAYS

DBH Updates, Notices, and Policy Guidance

April 29, 2022

Prior issues of FYI Fridays can be found at: <https://dmh.mo.gov/mental-illness/fyi-fridays>

1. **Budget Update from Vicki Schollmeyer** – The House Bills were voted out in the Senate on Tuesday and there were no further changes to DMH HB 10 this week. All appropriations bills need to be Truly Agreed To and Finally Passed (TAFP) by next Friday, May 6, by 6:00 pm. This means next week will be very busy as it will hold the conference hearing (a hearing for any item the House and Senate did not agree upon) and then the appropriation bills with the conference decisions go back to both the House and Senate floors for final votes.

As a reminder, below are the conference items for DBH (in conference because these items were added in the Senate cycle and were not included in the Governor's recommended budget):

- A 5.5% rate increase for FFS providers in both ADA and CPS (total of \$2.7M GR)
- For the 988 Crisis NDI, the Senate went with the Governor's position (the House did a fund switch, money stayed at the same amount)
- A new item for promotion of the 988 number and services for \$2.5M GR
- FQHC (Federally Qualified Health Center) Mental Health – a total of \$900K GR was added
- FQHC SUD – Last year DBH was appropriated \$1M for this project but it was only approved as one time so it was reduced in the FY 2023 request. The Senate wishes to restore this item at the full \$1M and will come from Opioid Settlement Funds.
- A CD residential rate increase, to ensure our rate is the same as the children's division - \$464K GR

Looks like this wasn't included last week so wasn't sure if you wanted it included this week.

- A brand new section was added for a pilot program at University Health for \$5M - For a pilot project to develop a learning collaborative partnership with a non-state governmental acute care hospital operating inpatient behavioral health beds in a state-owned facility. Project focuses on minimizing barriers to care to reduce inpatient length of stays, contain costs, improve outcomes and stabilize patients. Partner hospital must provide a holistic approach to care for Medicaid and uninsured patients including chronic care management, dental services, inpatient psych services, outpatient behavioral health services including substance abuse services, crisis intervention services for law enforcement, housing and transportation.

2. **988 State Grant** – The Department of Mental Health (DMH) was recently awarded the FY22 988 Capacity Grant, from SAMHSA. DMH received the maximum award amount of \$1,850,668, and approximately 90% of funds will be used to support Missouri’s 988 Centers over the two-year project period. Through this grant, DMH will work closely with 988 Centers to ensure there is adequate capacity to provide high-quality crisis care to any Missourian experiencing a mental health, suicide, or substance use crisis. This capacity grant poses an opportunity to expand and strengthen the crisis response structure, follow-up services for those at risk of suicide and enhance the data collection structure needed for successful 988 implementation.
3. **Renewal of Federal Emergency Declaration** – The federal emergency declaration has been extended for. Please use this link for more information: <https://www.phe.gov/emergency/news/healthactions/phe/Pages/default.aspx>
4. **Real Voices-Real Choices-2022 Conference-Building a Better Tomorrow** – The conference aims to unite, inform, and empower individuals and families living with mental illness, developmental and intellectual disabilities, and those in recovery for substance use disorders. August 28-30, 2022-Margaritaville Lake Resort.

If you have any questions, please login to the [Department of Mental Health Portal](#) and email the **CIMOR DBH Support Center** by selecting the [Help Ticket](#) link found on the left side of the portal.

6. **CVS PRIORITY!**

DMH continues to work with Medicaid on exempting certain CPR procedure codes from the TPL editing, including H0032. Medicaid has indicated TPL does reimburse for H0032. If you have documentation from third party payers related to non-coverage of the services, please provide such information to use through the DBH Support Center. This information will be necessary to further any discussions with Medicaid on exempting this code from requiring TPL billing prior to processing. We will also discuss at the next provider meeting on 5/10.

If you have any questions, please login to the [Department of Mental Health Portal](#) and email the **CIMOR DBH Support Center** by selecting the [Help Ticket](#) link found on the left side of the portal.

7. **New Data on Alcohol Related Deaths** – New CDC data show that excessive alcohol use was responsible for more than 140,000 deaths in the United States each year during 2015–2019, or more than 380 deaths per day. Deaths from excessive drinking shortened the lives of those who died by an average of 26 years, for a total of nearly 3.6 million years of potential life lost each year.

These estimates are from the CDC’s [Alcohol-Related Disease Impact \(ARDI\) application](#), using a new methodology. ARDI provides estimates of alcohol-

attributable deaths and years of potential life lost from 58 conditions by age, sex, and state. [Updates](#) to ARDI include more recent data and improved methods for estimating alcohol-attributable deaths.

The ARDI Custom Data Portal, accessible from the [ARDI home page](#), allows you to create customized reports on the average annual number of alcohol-attributable deaths and years of potential life lost. You can upload your own data, such as other years or jurisdictions (like populous cities), and the application will generate the reports. FUNDING OPPORTUNITIES

1. **Funding Opportunity-Statewide Family Network Program** – The purpose of this program is to provide resources to enhance the capacity of statewide mental health family-controlled organizations to engage with family members/primary caregivers who are raising children, youth, and young adults with serious emotional disturbance (SED). Grant recipients are expected to be family-driven, trauma-informed, culturally relevant, holistic, and resiliency-oriented family-controlled organizations. SAMHSA expects this program to serve as a catalyst for transforming mental health and related systems in states by strengthening coalitions led by family organizations, and between family members, policy makers, and service providers. SAMHSA plans to issue up to 13 awards of up to \$120,000 per year for up to 3 years. Application Due Date: **Monday, May 2, 2022**. [Learn More](#)
2. **HHS Announces Nearly \$44 Million to Strengthen mental Health and Substance Use Services for Populations at Risk for or Living with HIV/AIDS** – The Department of Health and Human Services (HHS), through SAMHSA, announced three funding opportunities to strengthen mental health and substance use treatment services for individuals at risk for or living with HIV/AIDS. Totalling \$43.7 million dollars, the funding opportunities are a part of HHS's new Overdose Prevention Strategy. Funding will be awarded in the fall. Eligible applicants include domestic public and private non-profit entities, states, political subdivisions of states and federally recognized American Indian/Alaska Native tribes and tribal organizations. [Read More](#)
3. **DOJ Adult Drug Court Discretionary Grants** – The U.S. Department of Justice (DOJ) will make [45 awards of up to \\$2 million each](#) to integrate substance use treatment into judicially-supervised court settings through the Adult Drug Court (ADC) Discretionary Grant Program. As described in the funding opportunity announcement (FOA), drug courts integrate evidence-based substance use disorder treatment, mandatory drug testing, incentives and sanctions, and transitional services in judicially supervised criminal court settings in order to reduce recidivism. Priority consideration will be given to applications that provide resources to rural and tribal jurisdictions. The deadline to apply is **May 20, 2022**.
4. **Building Communities of Recovery** – The purpose of this program is to mobilize and connect a broad base of community-based resources to increase the prevalence and quality of long-term recovery support for persons with substance use disorders (SUD) and co-occurring substance use and mental disorders (COD). These grants are intended to support the development, enhancement, expansion, and delivery of recovery support services (RSS) as well as the promotion of and education about recovery. It is expected that these grant activities will be administered and implemented by individuals with lived experience who are in recovery from SUD and COD and reflect the needs and population of the community being served. Application Due Date: **Friday, June 3, 2022**. [More Information](#)

INFO and RESOURCES

1. **New HHS's New Mental health and Substance Use Disorder Benefit Resources will help People Seeking Care to Better Understand Their Rights** – In partnership with the Department of Labor, the Department of Health and Human Services (HHS) has developed new, free informational resources that inform Americans of their rights under law on coverage for mental health benefits. [Learn More](#)

2. **New Current State of the Opioid Epidemic and how MIDA is Actively Shifting Strategies** – In this video, Nora Volkow, MD, director of the National Institute on Drug Abuse (NIDA) at the National Institutes of Health, discusses recent updates on the opioid epidemic, and highlights how NIDA is working to shift their focus to actively address the changing landscape of the epidemic. [Learn More](#)
3. **New How the CDC is Addressing the Growing Drug epidemic** – During the opening remarks on the third day of the 2022 Rx and Illicit Drug Summit, Debra Houry, MD, MPH, acting principal deputy director, Centers for Disease Control and Prevention (CDC), updated attendees on the CDC’s latest steps in addressing the drug overdose epidemic. [Read More](#)
4. **New SAMHSA Prioritizes 5 areas of Focus for Strategic Initiatives** – With more than 40 million Americans having a substance use disorder (SUD) and nearly 53 million having a mental illness of any kind, SAMHSA has identified 5 areas of focus for its strategic initiatives. [Read More](#)
5. **New Report Show Persisting Pervasiveness of Stigma Related to Drug Use** – More than 70% of Americans surveyed recently by the research firm RIWI Corporation said they believe individuals who use drugs problematically are somewhat, mostly, or entirely responsible for their drug use, and those dependent on drugs have a moderate, low, or no chance at recovery. [Read More](#)
6. **2022 Peer Recovery Support Services Mentoring Initiative (PRSSMI)** – The PRSSMI supports organizations or jurisdictions interested in sharing implementation expertise or incorporating peer recovery support services (PRSS) into their portfolio of substance use intervention and treatment strategies. This program is part of the training and technical assistance (TTA) resources available to local jurisdictions through BJA’s Comprehensive Opioid, Stimulant, and Substance Abuse Program (COSSAP). 7. **National Prevention Week and SAMHSA’s Prevention Day 2022** – National Prevention Week (NPW) is a national public education platform bringing together communities and organizations to raise awareness about the importance of substance use prevention and positive mental health. **SAMHSA's Prevention Day will take place on Monday, May 9**, and it will be delivered virtually through an interactive online conference platform. Hear from prevention leaders; learn about the latest developments in the areas of mental illness and substance abuse prevention, treatment and recovery; network with other practitioners; and sharpen your skills. [Learn More](#)
8. **National Prescription Drug Take Back Day | Saturday, April 30 | 10 am - 2 pm**
The drug overdose epidemic in the United States is a clear and present public health, public safety, and national security threat. Too often, unused prescription drugs find their way into the wrong hands. That's dangerous and often tragic. That's why it is so important for people across the country to clean out their medicine cabinets and turn in, safely and anonymously, their unused prescription medications.

TRAINING OPPORTUNITIES

1. **The Role of a Peer within a Clinical Team** – Peer specialists are not clinicians, yet work as members of clinical teams. What are the role responsibilities that colleagues can expect peer specialists to fulfill? What are signs of drift from the role of peer specialist and what does assimilation into clinical look like? This webinar will be relevant to not just peer specialists but to all members of the clinical team. **Tuesday, May 3, 2022, 12pm CT.** [Register](#)
2. **Trauma Informed Training** – The training will assist participants in learning how to recognize the signs and symptoms of trauma in patients, families, professionals, and a community. **Wednesday, May 4, 2022, 2pm CT.** [Zoom Link](#)
3. **New Understanding and Responding Effectively in Work with people Living with Schizophrenia** – This webinar presents a comprehensive and multidisciplinary perspective of the current understanding of schizophrenia and it reviews effective community-based interventions **Thursday, May 5, 2022, 1pm-4pm CT.** [Register](#)
4. **Domestic and Intimate Partner Violence in America: Promoting Protection, Social Change, and Services for All Victims and Survivors** – Fifteen percent of the violent crimes in the United States are intimate partner violence (National Coalition Against Domestic Violence). Furthermore, one in four women and one in nine men experience domestic violence within their lifetime (NCAADV). Approximately 20 people per minute are physically abused by an intimate partner in the United States (NCAADV). When reading this fact, most of the general population thinks of a woman being abused by a man. However, domestic abuse is far more than just heterosexual women and physical abuse. **Monday, May 9, 2022, 9:30 am CT.** [Register](#)
5. **Postpartum Depression and Maternal Mental Health: How Caregivers Can Help** – Participants will learn how to recognize the impact of infertility and pregnancy loss on mental health, identify signs of postpartum depression and available treatment options, and provide practical support to a loved one. **Tuesday, May 10, 2022, 6pm-8:30pm CT.** [Register](#)
6. **NTTAC System of Care Strategy Virtual Summit-A Journey Together: Redefining Our Approach to a System of Care** – The System of Care Strategy Summit is an opportunity for all children’s mental health partners to come together to renew and re-energize their efforts to support children and young people with behavioral health needs, as well as their caregivers. Please join us to collaboratively envision the future of mental health care for children, youth, and their families. **May 10-11, 2022.** [Register](#)
7. **EMDR Training** – The Missouri Behavioral Health Council is excited to announce additional EMDR training opportunities. This training is free! Please note, that it will show a price when registering, but if you select check payment they will bill us directly and not you. At the billing address section, you can include your agency mailing address or the Councils. Either way it will be billed to us. Questions regarding the registration link, please contact registrations@emdrconsulting.com or call 724-957-9082 ext 2. **Part 1: May 11-13, 2022** and **Part 2: June 1-3, 2022** [Register](#)
8. **The Impact of Technology on Services to Individuals with Intellectual and Developmental Disabilities** – This webinar will help to gain an evidenced-based understanding of the impact and outcomes of technology on program quality, quality of life for individuals with IDD, and the support of staffing and workforce. Important Information about Ethics Training

In regards to the 2022 Spring Renewals and any new credential applications being submitted to the Missouri Credentialing Board, the requirement that Ethics training be "live" continues to be waived until further notice.

The Missouri Credentialing Board is currently accepting any form of Ethics training (for example: live, Zoom, online/self-study) due to the pandemic conditions and recommendations of the Center for Disease Control.

New Employee

We are excited to welcome Valerie Kempker to the DMH/DBH! Valerie started her new role Monday as the Integrated Care Program Specialist. She will be the contact for the Healthcare Home (HCH) and Disease Management projects. Valerie comes to us with seven years of experience working with the State of Missouri, including positions at the Department of Health and Senior Services and Department of Social Services. She also has experience working as a community support specialist with one of DBH's contracted providers. Valerie will be a great addition to our team, and we look forward to her involvement in expanding HCH enrollments throughout the State. Please join us in welcoming Valerie!

Look for new information and resources coming next Friday!
