

WEBVTT

1 "Angeline Stanislaus" (3329851904)

00:00:00.865 --> 00:00:15.175

Data now, the thing about this is that it is, uh, immune escape, meaning that people have got other, uh, infections of Omicron are getting reinfected.

2 "Angeline Stanislaus" (3329851904)

00:00:15.805 --> 00:00:20.275

People have got reinfected with, even within the same month after they've recovered from another.

3 "Angeline Stanislaus" (3329851904)

00:00:20.965 --> 00:00:35.485

omi chronic infection in the past, so it is completed community. It's a lot of immune lot of immune escape and we're also seeing a lot of the vaccination escape as well. So that means that you could be vaccinated and still get infected.

4 "Angeline Stanislaus" (3329851904)

00:00:35.875 --> 00:00:40.045

But overall, the way the vaccination and prior infections work is that.

5 "Angeline Stanislaus" (3329851904)

00:00:40.380 --> 00:00:51.960

It's unlikely that you will get asked severely ill. if you, if you didn't have that, that immunity, they beat from vaccination or from prior.

6 "Angeline Stanislaus" (3329851904)

00:00:53.245 --> 00:01:04.585

Prior, um, infection or more recent infection, I won't say prior infection, but this is a kind of, um, changing constantly. The movie called millions of constantly modifying themselves.

7 "Angeline Stanislaus" (3329851904)

00:01:05.185 --> 00:01:10.435

Um, there is a vaccination that they're looking at, um, changing.

8 "Angeline Stanislaus" (3329851904)

00:01:10.710 --> 00:01:14.820

Especially Montana is looking at changing. It's called the by vaccine.

9 "Angeline Stanislaus" (3329851904)

00:01:14.820 --> 00:01:23.580

To look at how, um, you can protect against Omicron as well, which is not currently available that should be available by the end of the year.

10 "Angeline Stanislaus" (3329851904)

00:01:23.580 --> 00:01:33.810

So that is, uh, something the important thing to remember is if you have an elderly individual that you're caring for, or people are under your care.

11 "Angeline Stanislaus" (3329851904)

00:01:33.810 --> 00:01:44.520

Or there's, um, you know, it may be a little or a family member, or a friend who's elderly and who also has a medical condition.

12 "Angeline Stanislaus" (3329851904)

00:01:44.520 --> 00:01:49.525

And they get infected with an Omicron or a it is usually they recover.

13 "Angeline Stanislaus" (3329851904)

00:01:49.525 --> 00:01:59.635

But what happens is that it makes your body more frail, it kind of wipes out, um, the ability of the body to fight future infections.

14 "Angeline Stanislaus" (3329851904)

00:01:59.815 --> 00:02:11.815

So, what then happens is they get a secondary infections pneumonia from a bacterial infection, or could be another viral infection, and they get a series of other infections, which then leads to significant health duration.

15 "Angeline Stanislaus" (3329851904)

00:02:12.175 --> 00:02:17.875

And that is what we are seeing more recently. Um, rather than.

16 "Angeline Stanislaus" (3329851904)

00:02:18.120 --> 00:02:28.350

The virus itself costing severe pneumonia, which still occurs, but the more important problem or the more common problem we see is the virus comes in.

17 "Angeline Stanislaus" (3329851904)

00:02:28.350 --> 00:02:43.195

It gives a few like a presentation with body, a fever cough and makes them very tired last about a little longer about a week or so if they don't take an anti viral medicine, like, packs a little bit, they last about a week or longer.

18 "Angeline Stanislaus" (3329851904)

00:02:43.470 --> 00:02:55.500

And then, uh, they recover, they get better, but then what happens is the body's so wiped out the, the immunity system is so wiped out from the virus that, um, that they are susceptible.

19 "Angeline Stanislaus" (3329851904)

00:02:55.500 --> 00:03:09.150

To other viral or bacterial infection, they may get a secondary ammonia or another get really sick, which is then leading the hospitalization. So it's so important that even though it's not a direct effect, it still takes it takes everything out.

20 "Angeline Stanislaus" (3329851904)

00:03:09.150 --> 00:03:21.535

Of, uh, medically frail individuals are elderly so you still have to be very careful when somebody has an infection to really avoid contact with elderly individuals or those, who are much more prone to get sick.

21 "Angeline Stanislaus" (3329851904)

00:03:21.535 --> 00:03:26.245

And that could be a good number of our patients. And the residents in the.

22 "Angeline Stanislaus" (3329851904)

00:03:27.145 --> 00:03:29.995

Community, so just bear that in mind.

23 "Angeline Stanislaus" (3329851904)

00:03:30.265 --> 00:03:44.155

Now, what about is the medication that is an antiviral medication if taken within 3 days of the onset of symptoms um, it decreases the severity of the infection.

24 "Angeline Stanislaus" (3329851904)

00:03:44.485 --> 00:03:50.785

So, for example, I've had other friends who would become positive and recently.

25 "Angeline Stanislaus" (3329851904)

00:03:51.265 --> 00:04:02.905

And, uh, and the persons who have taken the by day, 2 day, 3 felt like their the next day. They really felt like, you know, they, they didn't even the body was gone. The fever was gone and they felt much better.

26 "Angeline Stanislaus" (3329851904)

00:04:02.905 --> 00:04:14.725

So, they're recovering much quicker for after taking packs of it but if it's given it should be given within 3 days is very commonly available. You just have to call your primary care physician and they can call it into your pharmacy.

27 "Angeline Stanislaus" (3329851904)

00:04:15.175 --> 00:04:24.865

And they should be able to get it so anybody, um, it is a tablet form. You have to take it twice a day and it's a 5 day. Course. So, um.

28 "Angeline Stanislaus" (3329851904)

00:04:25.140 --> 00:04:31.379

And I would say if you don't want to really get the, the, the DFI is making people.

29 "Angeline Stanislaus" (3329851904)

00:04:31.379 --> 00:04:38.759

Like, really like, flew, like, the body 8 uh, Cindy body aches and severe fever is being more common.

30 "Angeline Stanislaus" (3329851904)

00:04:38.759 --> 00:04:44.669

So, if you want to really cut short, if the, if you cut short, the symptoms of even a.

31 "Angeline Stanislaus" (3329851904)

00:04:44.669 --> 00:04:48.719

You could call me a doctor, even after you test positive in a home kit.

32 "Angeline Stanislaus" (3329851904)

00:04:48.719 --> 00:04:56.489

Um, just say, you know, I, I would like some positive, like some parts of it and then you have to give the list of medications here on because there are some.

33 "Angeline Stanislaus" (3329851904)

00:04:56.489 --> 00:05:07.979

Medications with which parts of it cannot be given so you have to let the doctor know what medications you are taking. And if if, um, if there's no content indication, then taking the facts of it is a good idea.

34 "Angeline Stanislaus" (3329851904)

00:05:08.424 --> 00:05:22.884

The cut shot, the biggest issue that we are seeing with the Omicron and other variances that long to people, or whether it was even if you have a minor infection but are still individuals who are still experiencing fatigue,

35 "Angeline Stanislaus" (3329851904)

00:05:22.914 --> 00:05:30.834

loss of taste or lingering cough. Um, you know, the tiredness and kind of not really.

36 "Angeline Stanislaus" (3329851904)

00:05:31.139 --> 00:05:38.699

Back to the full form for anywhere from 3 months to 6 months post infection. That's part of the long.

37 "Angeline Stanislaus" (3329851904)

00:05:38.699 --> 00:05:44.489

That's all I have anybody else have any questions. I can answer it.

38 "Angeline Stanislaus" (3329851904)

00:05:44.489 --> 00:05:48.059

I keep getting any, hey, got any, any questions.

39 "Angeline Stanislaus" (3329851904)

00:05:51.149 --> 00:05:54.629

I do not see any questions in the chat box.

40 "Angeline Stanislaus" (3329851904)

00:05:56.579 --> 00:06:00.629

All right, thank you. All, thank you.

41 "Jess Bax" (280025344)

00:06:05.309 --> 00:06:11.639

Sector sandbox everybody this is just that happy Friday to you.

42 "Jess Bax" (280025344)

00:06:11.639 --> 00:06:24.299

Just a few updates to provide, and I'm going to share my screen if you wouldn't mind passing me the ball when to tell you about a few things that we have going on that are.

43 "Jess Bax" (280025344)

00:06:24.299 --> 00:06:27.929

New or maybe new to you um.

44 "Jess Bax" (280025344)

00:06:29.159 --> 00:06:32.429

Looks like, I've got my ability to share.

45 "Jess Bax" (280025344)

00:06:38.729 --> 00:06:43.229

So, you should be seeing.

46 "Jess Bax" (280025344)

00:06:43.229 --> 00:06:46.379

The.

47 "Jess Bax" (280025344)

00:06:46.379 --> 00:06:52.319

There we go information. Are you seeing the.

48 "Jess Bax" (280025344)

00:06:53.369 --> 00:06:56.699

Information about mission vision and values.

49 "Jess Bax" (280025344)

00:06:56.699 --> 00:07:09.269

Yes, awesome. Okay. So there is a information on our website. bnh recently released our new 5 year strategic plan.

50 "Jess Bax" (280025344)

00:07:09.269 --> 00:07:20.189

And that included our new mission vision and values. We encouraged everybody to go out there and take a look. It is really reflective of.

51 "Jess Bax" (280025344)

00:07:20.189 --> 00:07:25.349

Um, the update of where we are at today, um, so we.

52 "Jess Bax" (280025344)

00:07:25.349 --> 00:07:29.819

But in a lot of time, making sure that we were.

53 "Jess Bax" (280025344)

00:07:29.819 --> 00:07:34.289

Um, encompassing the where the department was heading and.

54 "Jess Bax" (280025344)  
00:07:34.289 --> 00:07:42.089  
So our mission, it has updated to serving empowering and supporting missourians to live their best live.

55 "Jess Bax" (280025344)  
00:07:42.089 --> 00:07:48.239  
And the vision for that is missourians are safe, valued and supported community members.

56 "Jess Bax" (280025344)  
00:07:48.239 --> 00:07:59.489  
And then our core values as a department include accountability, collaboration, empathy, excellence, inclusion, innovation, responsiveness, and transparency.

57 "Jess Bax" (280025344)  
00:07:59.489 --> 00:08:07.379  
That does not mean that they are only values, but those are the ones that we chose that really were, um.

58 "Jess Bax" (280025344)  
00:08:07.379 --> 00:08:11.159  
At the, the core of what was most important to us.

59 "Jess Bax" (280025344)  
00:08:11.159 --> 00:08:15.989  
And we also chose guiding principles because we felt like there were.

60 "Jess Bax" (280025344)  
00:08:15.989 --> 00:08:22.499  
Um, some things that were very important to us that were really just not well communicated through.

61 "Jess Bax" (280025344)  
00:08:22.499 --> 00:08:25.739  
Those mission vision and values, so.

62 "Jess Bax" (280025344)  
00:08:25.739 --> 00:08:31.499  
Number 1 safety is central to a person's physical mental and emotional wellbeing.

63 "Jess Bax" (280025344)  
00:08:31.499 --> 00:08:35.849  
Every person has value and should be respected.

64 "Jess Bax" (280025344)  
00:08:35.849 --> 00:08:39.539  
And evidence based practices are key to success.

65 "Jess Bax" (280025344)  
00:08:39.539 --> 00:08:48.029

And data and performance will drive decision. So he really wants it used to be the guiding principles in all of the work that we are doing.

66 "Jess Bax" (280025344)

00:08:48.029 --> 00:08:51.809

Um, and we have a video out there where you can watch.

67 "Jess Bax" (280025344)

00:08:51.809 --> 00:08:54.839

Um, the new strategic directions video.

68 "Jess Bax" (280025344)

00:08:54.839 --> 00:08:58.589

And then we also have a full document.

69 "Jess Bax" (280025344)

00:08:58.589 --> 00:09:01.649

If you'd like to, um.

70 "Jess Bax" (280025344)

00:09:01.649 --> 00:09:09.929

Read more about the 5 year plan and updated information about the services that we offer.

71 "Jess Bax" (280025344)

00:09:09.929 --> 00:09:18.389

The, I don't think it's a surprise to anyone that when you look at the 8 buckets of strategic directions that we have.

72 "Jess Bax" (280025344)

00:09:18.389 --> 00:09:26.999

That workforce is the number 1, but in those, those kind of 8 buckets, it also includes mental wellbeing.

73 "Jess Bax" (280025344)

00:09:26.999 --> 00:09:31.919

Technology both on both on the individual level and the system level.

74 "Jess Bax" (280025344)

00:09:31.919 --> 00:09:37.019

Quality outcomes, expanding capacity and infrastructure.

75 "Jess Bax" (280025344)

00:09:37.524 --> 00:09:52.374

Children services and support independence and self sufficiency and operational excellence again, just getting back to that making sure that all of our decisions are based on data and that we are measuring the success of.

76 "Jess Bax" (280025344)

00:09:52.649 --> 00:10:01.889

Each of the initiatives that we have. So, in addition to what's in here, we have a document that will.

77 "Jess Bax" (280025344)  
00:10:01.889 --> 00:10:10.199  
Um, be coming out soon that has a more detailed breakdown of each individual initiative.

78 "Jess Bax" (280025344)  
00:10:10.199 --> 00:10:14.579  
Or we'll be able to show the progress of those so that's coming soon.

79 "Jess Bax" (280025344)  
00:10:14.579 --> 00:10:24.239  
Also, what has happened since the last time we spoke is the rollout of 908 and Missouri, and across the nation. So.

80 "Jess Bax" (280025344)  
00:10:24.239 --> 00:10:29.939  
In July, and 908 became the National 3 digit number to call with a.

81 "Jess Bax" (280025344)  
00:10:29.939 --> 00:10:34.319  
Need for mental health substance use and suicide crises.

82 "Jess Bax" (280025344)  
00:10:34.319 --> 00:10:41.129  
And so any 1 who is needing support can now just dial that free digit number.

83 "Jess Bax" (280025344)  
00:10:41.129 --> 00:10:46.229  
And it is routed to the.

84 "Jess Bax" (280025344)  
00:10:46.229 --> 00:10:54.839  
The 24, 7 hub that is available and so there's a lot of information out here about 908 and how it works.

85 "Jess Bax" (280025344)  
00:10:54.839 --> 00:10:58.139  
I think 1 of my favorites is the.

86 "Jess Bax" (280025344)  
00:10:58.139 --> 00:11:01.589  
908 1 pager where you can see.

87 "Jess Bax" (280025344)  
00:11:01.589 --> 00:11:06.509  
The kind of process map of.

88 "Jess Bax" (280025344)  
00:11:06.509 --> 00:11:10.979  
How the crisis services works in Missouri.

89 "Jess Bax" (280025344)  
00:11:10.979 --> 00:11:16.889

And how it will work with 90 days. So I encourage everyone to go out there and check that out.

90 "Jess Bax" (280025344)  
00:11:16.889 --> 00:11:20.579  
For more information, and make sure that everyone is available.

91 "Jess Bax" (280025344)  
00:11:20.579 --> 00:11:25.769  
Um, that 90 days, the resource for all missourians, including those with developmental disabilities.

92 "Jess Bax" (280025344)  
00:11:25.769 --> 00:11:36.449  
And their family members and support system 1 of the things we're really excited about is the rollout of our provider notice portal.

93 "Jess Bax" (280025344)  
00:11:36.449 --> 00:11:41.009  
We want to get much more streamlined with our communication effort and.

94 "Jess Bax" (280025344)  
00:11:41.009 --> 00:11:44.039  
Not rely so much on phone calls.

95 "Jess Bax" (280025344)  
00:11:44.039 --> 00:11:50.249  
Emails and the things that can get lost and.

96 "Jess Bax" (280025344)  
00:11:50.249 --> 00:11:58.679  
Um, you may not know if someone's seen them and we may play phone tag and time consuming.

97 "Jess Bax" (280025344)  
00:11:58.679 --> 00:12:03.029  
So, our provider notice portal is the 1st attack in that effort.

98 "Jess Bax" (280025344)  
00:12:03.029 --> 00:12:15.839  
And when you click on that provider, notice portal, it gives you information about exactly what that is for. And it is for the 30 day notice to be provided.

99 "Jess Bax" (280025344)  
00:12:15.839 --> 00:12:22.409  
And this is allows the provider to communicate that 30 day. Notice.

100 "Jess Bax" (280025344)  
00:12:22.409 --> 00:12:26.189  
Through the portal, um, and.

101 "Jess Bax" (280025344)  
00:12:26.189 --> 00:12:33.149

That meets the requirements of the section 3.3.5 of the contract. So.

102 "Jess Bax" (280025344)

00:12:33.149 --> 00:12:36.569

Make sure and check that out. If you have not seen it.

103 "Jess Bax" (280025344)

00:12:38.189 --> 00:12:44.579

And then also wanted to talk about the Department's focus on.

104 "Jess Bax" (280025344)

00:12:44.579 --> 00:12:50.309

Um, efforts, and as a part of that, we are doing mental health Monday.

105 "Jess Bax" (280025344)

00:12:50.309 --> 00:12:55.679

On our DD side and our communication and our email blasts and.

106 "Jess Bax" (280025344)

00:12:55.679 --> 00:13:04.139

On the behavioral health side in their communication weekly, they're doing Thursday thoughts on. Um, so that's just 1 piece. Um.

107 "Jess Bax" (280025344)

00:13:04.139 --> 00:13:07.919

So, we'll communicate through that.

108 "Jess Bax" (280025344)

00:13:07.919 --> 00:13:11.189

The initiatives that we are doing to.

109 "Jess Bax" (280025344)

00:13:11.189 --> 00:13:15.779

Um, progressed in better collaboration and new models of.

110 "Jess Bax" (280025344)

00:13:15.779 --> 00:13:19.649

Of care to better take care of that population. So.

111 "Jess Bax" (280025344)

00:13:19.649 --> 00:13:25.889

You can get those come through the email blasts, but you can also get to those by going to our DD site.

112 "Jess Bax" (280025344)

00:13:25.889 --> 00:13:30.479

And then the director's office page, and you'll see a mental health Monday's button.

113 "Jess Bax" (280025344)

00:13:30.479 --> 00:13:37.919

And then you can see each week, there is information that goes out about.

114 "Jess Bax" (280025344)

00:13:37.919 --> 00:13:43.559

Supporting the behavioral health of the individuals that we serve.

115 "Jess Bax" (280025344)

00:13:47.849 --> 00:13:54.779

Quick update on connection when to let everyone know that we are at the point where.

116 "Jess Bax" (280025344)

00:13:54.779 --> 00:14:01.559

Go here and show you status here 77% complete and moving right? Along.

117 "Jess Bax" (280025344)

00:14:01.559 --> 00:14:05.759

So, we are really at the.

118 "Jess Bax" (280025344)

00:14:05.759 --> 00:14:13.079

In the end of design and build and configuration and moving straight into testing, which is very exciting.

119 "Jess Bax" (280025344)

00:14:13.079 --> 00:14:17.669

We're also working to get the training resources, roll out, rolled out and.

120 "Jess Bax" (280025344)

00:14:17.669 --> 00:14:21.689

Put together and so we'll have a training plan to communicate and.

121 "Jess Bax" (280025344)

00:14:21.689 --> 00:14:26.069

Very soon so, thanks to everyone who's been partnering and working on that.

122 "Jess Bax" (280025344)

00:14:26.069 --> 00:14:32.579

We also have a couple of webinars that are coming up that I want to make sure that everyone is.

123 "Jess Bax" (280025344)

00:14:32.579 --> 00:14:37.589

Aware of and that is.

124 "Jess Bax" (280025344)

00:14:37.589 --> 00:14:42.149

Um, you know, blah, blah.

125 "Jess Bax" (280025344)

00:14:42.149 --> 00:14:50.399

So, we do have our tiered support summit that is upcoming for professional.

126 "Jess Bax" (280025344)

00:14:50.694 --> 00:14:54.534  
July 27th and 28, so if that is 1 of the value based payment incentives,

127 "Jess Bax" (280025344)  
00:14:54.534 --> 00:15:06.413  
you were interested in as an SSL provider or if you're interested in that we are looking to collect data on a feature value based payment for implementation of tiered support that other provider type,

128 "Jess Bax" (280025344)  
00:15:06.444 --> 00:15:14.694  
so I encourage you to learn more about your support if you're able to attend that summit. attend that summit

129 "Jess Bax" (280025344)  
00:15:14.999 --> 00:15:20.789  
There will be recordings afterwards and information available from the summit.

130 "Jess Bax" (280025344)  
00:15:20.789 --> 00:15:28.019  
The other 1 that I want to call attention to is our value based payment stakeholder session.

131 "Jess Bax" (280025344)  
00:15:28.019 --> 00:15:37.199  
And those are, and we had our 1st, 1 for service providers on July 18th and then we have 1 for.

132 "Jess Bax" (280025344)  
00:15:37.199 --> 00:15:40.919  
Targeted case managers on July 25th.

133 "Jess Bax" (280025344)  
00:15:40.919 --> 00:15:44.279  
And for individuals, families, and guardians on August 8.

134 "Jess Bax" (280025344)  
00:15:44.279 --> 00:15:54.779  
You can see the recording. I think the recording will be posted very soon for the 1 for service providers. If it has not already been posted.

135 "Jess Bax" (280025344)  
00:15:54.779 --> 00:16:06.389  
I'm going to stop sharing right now and 1 more couple more update 1, is that we have gained a new.

136 "Jess Bax" (280025344)  
00:16:06.389 --> 00:16:11.099  
Um, children's director for the Department of mental health um.

137 "Jess Bax" (280025344)  
00:16:11.099 --> 00:16:18.689

And that is clay Stern. So many of you are familiar with him because he is currently the assistant division director.

138 "Jess Bax" (280025344)

00:16:18.689 --> 00:16:26.399

For DB, and the western side of the state, and he will be moving, will has moved over to be the.

139 "Jess Bax" (280025344)

00:16:26.399 --> 00:16:31.199

Children's director for a department of mental health so we are currently in the process of.

140 "Jess Bax" (280025344)

00:16:31.199 --> 00:16:36.119

Filling his role as the Western and will communicate when we've.

141 "Jess Bax" (280025344)

00:16:36.119 --> 00:16:40.169

Hired his replacement for that role.

142 "Jess Bax" (280025344)

00:16:40.169 --> 00:16:44.039

Last update is we received a.

143 "Jess Bax" (280025344)

00:16:44.039 --> 00:16:49.259

Lot of great a great response to the that was put out for.

144 "Jess Bax" (280025344)

00:16:49.259 --> 00:16:52.379

The case management privatization, um.

145 "Jess Bax" (280025344)

00:16:52.379 --> 00:16:57.539

Budget item and so there is.

146 "Jess Bax" (280025344)

00:16:57.539 --> 00:17:04.019

Was a great response that will cover the need that we have to support that caseload.

147 "Jess Bax" (280025344)

00:17:04.019 --> 00:17:07.529

Um, being shifted from state.

148 "Jess Bax" (280025344)

00:17:07.529 --> 00:17:11.489

Coordinators to private and.

149 "Jess Bax" (280025344)

00:17:11.489 --> 00:17:16.649

Um, so we should have information going out about that either.

150 "Jess Bax" (280025344)  
00:17:16.649 --> 00:17:23.069  
Late this month, or in the very early part of August, you can expect more information on that.

151 "Jess Bax" (280025344)  
00:17:23.069 --> 00:17:26.909  
And that is all of the updates that I had.

152 "Jess Bax" (280025344)  
00:17:26.909 --> 00:17:30.389  
Um, that, um, just.

153 "Jess Bax" (280025344)  
00:17:30.474 --> 00:17:41.214  
Any questions that came through, if I can get off of mute, I can share that.

154 "Jess Bax" (280025344)  
00:17:42.144 --> 00:17:50.514  
I do know that 1 person asked to walk through to get to some of those pages. So, if there was something that, that we did not get, you walked.

155 "Jess Bax" (280025344)  
00:17:51.084 --> 00:18:05.064  
Through to get to you are more than welcome to reach out to me directly or I can follow up with you and help you navigate the different pages on the website. And then there was a question that came in about the.

156 "Jess Bax" (280025344)  
00:18:05.969 --> 00:18:11.489  
Case management TC, and providers.

157 "Jess Bax" (280025344)  
00:18:11.489 --> 00:18:16.259  
Increase as well as the county status map, so.

158 "Jess Bax" (280025344)  
00:18:16.259 --> 00:18:19.619  
Don't know which 1, you would like to address 1st.

159 "Jess Bax" (280025344)  
00:18:19.619 --> 00:18:32.339  
So the rate increases for services Angie is going to talk about next. So I'll leave that 1 for her. And the other 1 is the.

160 "Jess Bax" (280025344)  
00:18:32.339 --> 00:18:36.509  
The county status map.

161 "Jess Bax" (280025344)  
00:18:36.509 --> 00:18:41.279  
And that is.

162 "Jess Bax" (280025344)  
00:18:41.279 --> 00:18:45.809  
The map, it should be updated. We have.

163 "Jess Bax" (280025344)  
00:18:47.399 --> 00:18:54.659  
Moved to, in person monitoring that return to, in person monitoring is.

164 "Jess Bax" (280025344)  
00:18:54.659 --> 00:18:57.779  
Has been in place.

165 "Jess Bax" (280025344)  
00:18:57.779 --> 00:19:03.029  
And so we will get that math updated. So I appreciate you calling our attention to that.

166 "Jess Bax" (280025344)  
00:19:05.579 --> 00:19:09.209  
All right, and I will turn it over to Angie for her update.

167 "Angela Brenner" (1208324864)  
00:19:11.549 --> 00:19:16.049  
Hey, good morning. Everyone see if I can.

168 "Angela Brenner" (1208324864)  
00:19:17.459 --> 00:19:26.249  
We did want to meet everyone that rates. We have new rates effective July. 1st however.

169 "Angela Brenner" (1208324864)  
00:19:26.249 --> 00:19:32.069  
Center for Medicare, Medicaid services, CMS, they have to approve any of our rate methodology changes.

170 "Angela Brenner" (1208324864)  
00:19:32.069 --> 00:19:35.369  
Prior to us, implementing those rate increases.

171 "Angela Brenner" (1208324864)  
00:19:35.369 --> 00:19:39.239  
So, we had a handful of rates that.

172 "Angela Brenner" (1208324864)  
00:19:39.239 --> 00:19:43.529  
Change the rate methodology based off of our rate studies and then.

173 "Angela Brenner" (1208324864)  
00:19:43.529 --> 00:19:50.609  
A handful of stopping my camera, because it's not working and then a handful that we're not.

174 "Angela Brenner" (1208324864)  
00:19:50.609 --> 00:19:53.729

That are not changing the right methodology. So those are.

175 "Angela Brenner" (1208324864)

00:19:53.729 --> 00:20:00.989

Right services that are not changing right? Methodology and we have updated them and see more our group home group home nursing.

176 "Angela Brenner" (1208324864)

00:20:00.989 --> 00:20:04.589

Nursing.

177 "Angela Brenner" (1208324864)

00:20:04.589 --> 00:20:08.039

Applied behavioral analysis, the employment services.

178 "Angela Brenner" (1208324864)

00:20:08.039 --> 00:20:12.419

Intensive therapeutic residential, and then our hospital supports services.

179 "Angela Brenner" (1208324864)

00:20:12.419 --> 00:20:16.859

So those have been updated in Seymour as of July 1st.

180 "Angela Brenner" (1208324864)

00:20:16.859 --> 00:20:25.859

The remainder of our waiver services, we'll need to continue to build your current rate until CMS approval is received. And then once we receive that CMS approval.

181 "Angela Brenner" (1208324864)

00:20:25.859 --> 00:20:30.599

And we'll implement the new rage, we'll process any voids and rebuilds, but we'll also.

182 "Angela Brenner" (1208324864)

00:20:30.599 --> 00:20:41.939

Work closely with providers to make sure that communication goes out about how that's going to roll out and the time timeframe of those. So very similar to what we did last year. Um.

183 "Angela Brenner" (1208324864)

00:20:41.939 --> 00:20:46.559

A common question that I'm getting is when do we expect the CMS approval?

184 "Angela Brenner" (1208324864)

00:20:46.559 --> 00:20:53.579

It is so hard to tell. So I am going to just say, let's, let's plan on it. Like they did last year. I think our approval.

185 "Angela Brenner" (1208324864)

00:20:53.814 --> 00:21:08.784

Was toward the end of September, and we were able to start implementing those in October. We have had a couple of phone calls with CMS and we do

know that they're, they have some questions for us. They'll be sending us. And so as soon as we get those, we will respond as quickly as possible.

186 "Angela Brenner" (1208324864)

00:21:09.629 --> 00:21:19.859

As far as the rate increases that we have implemented in to see more already, we do want to point out that after running 1 of our most recent, um, batches of updates.

187 "Angela Brenner" (1208324864)

00:21:19.859 --> 00:21:28.319

We did find that there were some issues with rates as they're related to the RS scores. So our team has identified those and they are working.

188 "Angela Brenner" (1208324864)

00:21:28.319 --> 00:21:33.779

To adjust those discrepancies and regional business offices are updating those.

189 "Angela Brenner" (1208324864)

00:21:33.779 --> 00:21:38.789

As quick as they can, but we're pretty confident that not all of those.

190 "Angela Brenner" (1208324864)

00:21:38.789 --> 00:21:43.949

Issues that we ran into will be completed to prior to the July 31st.

191 "Angela Brenner" (1208324864)

00:21:44.454 --> 00:21:52.134

Billings, so again, we're working diligently to get those done, but we are also asking that if providers go in and review their individuals.

192 "Angela Brenner" (1208324864)

00:21:52.134 --> 00:22:04.854

And if you notice a discrepancy, please reach out to your provider relation, lead, or to many stores are statewide business office lead, and they can check those to make sure those discrepancies are included in that larger fix.

193 "Angela Brenner" (1208324864)

00:22:04.979 --> 00:22:17.639

Just to make sure we capture everything so we appreciate that and just again appreciate the patients everyone has. So then we also have as we get the CMS approval.

194 "Angela Brenner" (1208324864)

00:22:17.639 --> 00:22:27.209

For our rate methodology changes and will be able to move forward with implementing rate increases provider relations will be doing a web X.

195 "Angela Brenner" (1208324864)

00:22:27.209 --> 00:22:31.289

Just to review the changes to the shared living rate structure.

196 "Angela Brenner" (1208324864)  
00:22:31.289 --> 00:22:39.269  
That will be implemented, so just want that to kind of be on everyone's radar to anticipate seeing that and participate in that. Webex.

197 "Angela Brenner" (1208324864)  
00:22:39.269 --> 00:22:44.639  
At the same time as we are implementing, all of these rate increases.

198 "Angela Brenner" (1208324864)  
00:22:44.639 --> 00:22:52.439  
We are working with Mercer on the rate study refresh. So that is underway. Um, we've been working on updating the wage data.

199 "Angela Brenner" (1208324864)  
00:22:52.439 --> 00:22:55.979  
And anticipate information for providers to be ready mid August.

200 "Angela Brenner" (1208324864)  
00:22:55.979 --> 00:23:03.389  
So, while the rate increases for this state, fiscal year, that were approved by the general assembly were for waiver services.

201 "Angela Brenner" (1208324864)  
00:23:03.389 --> 00:23:10.289  
We will be included in our rate study, refresh waiver services as well as the targeted case management service.

202 "Angela Brenner" (1208324864)  
00:23:10.289 --> 00:23:21.389  
So kind of to that question earlier, we did not, we were not funding a rate increase for target a case management for July. 1st, but we are, including them in the rate steady refresh.

203 "Angela Brenner" (1208324864)  
00:23:21.389 --> 00:23:28.289  
And updating that wage data, and any assumptions that we made at the on the most recent rate study.

204 "Angela Brenner" (1208324864)  
00:23:28.289 --> 00:23:36.779  
Let me see here and then just so, everyone kind of knows that we have received our budget instructions. So our team.

205 "Angela Brenner" (1208324864)  
00:23:36.779 --> 00:23:42.059  
Is beginning our long days of the budget preparation so.

206 "Angela Brenner" (1208324864)  
00:23:42.059 --> 00:23:51.689  
So, we'll be pulling a lot of data here and just pulling that information together and working closely with our departments budgets team as well as budget and planning.

207 "Angela Brenner" (1208324864)

00:23:51.689 --> 00:23:58.109

For the administration, so lots going on in our camp this year, or this, this, this.

208 "Angela Brenner" (1208324864)

00:23:58.109 --> 00:24:03.479

The next few weeks, and I'm glancing through some of the questions to see if there's any more I can answer.

209 "Angela Brenner" (1208324864)

00:24:06.119 --> 00:24:09.629

Which group is self directed services and for the rate increases.

210 "Angela Brenner" (1208324864)

00:24:10.709 --> 00:24:14.519

So, for those that were, that were implemented.

211 "Angela Brenner" (1208324864)

00:24:14.519 --> 00:24:19.889

July for self directed services RPA.

212 "Angela Brenner" (1208324864)

00:24:19.889 --> 00:24:24.839

Support broker and community specialist.

213 "Angela Brenner" (1208324864)

00:24:27.714 --> 00:24:41.154

Those would be as part of the new, like those that are needing CMS approval, not all of those are receiving rate increases, though, with the rate study. There were some that would show a decrease.

214 "Angela Brenner" (1208324864)

00:24:41.249 --> 00:24:48.779

And what we're doing right now, because of our maintenance of effort, and the fact that we're going through rate study, refresh, we're not decreasing anyone's rates.

215 "Angela Brenner" (1208324864)

00:24:48.779 --> 00:24:52.139

If it looked like there was a rate decrease.

216 "Angela Brenner" (1208324864)

00:24:52.139 --> 00:24:55.199

Then we are holding them constant where they're at.

217 "Angela Brenner" (1208324864)

00:24:55.199 --> 00:24:59.669

And we'll be analyzing again through the rate study, refresh.

218 "Angela Brenner" (1208324864)

00:24:59.669 --> 00:25:04.289

So, again, for self directed services, those are part of P. A.

219 "Angela Brenner" (1208324864)  
00:25:04.289 --> 00:25:09.689  
Community specialist and support broker, but it's going to depend on where that rate study fell out.

220 "Angela Brenner" (1208324864)  
00:25:09.689 --> 00:25:14.999  
And what was funded by the general assembly as to whether or not there's that increase or if we're holding them constant.

221 "Angela Brenner" (1208324864)  
00:25:16.409 --> 00:25:19.979  
Any other questions.

222 "Angela Brenner" (1208324864)  
00:25:23.339 --> 00:25:28.169  
Okay, if not, I'm going to hand it off to Emily so she can talk waivers.

223 "Emily Luebbering" (1978178560)  
00:25:28.824 --> 00:25:42.474  
Thank you, Angie. Hi, this is Emily and I'm the director of the federal programs unit, and I was just going to give a quick update. You might have heard already. The federal covid has been extended.

224 "Emily Luebbering" (1978178560)  
00:25:43.044 --> 00:25:53.424  
The current expiration date. Now will be October 13th? Yes, October 13th of this year. And then we'll see if they extended past then for another 90 days.

225 "Emily Luebbering" (1978178560)  
00:25:53.424 --> 00:26:02.574  
But at this time, it's October 13th and that would mean as of now any flexibilities. We'll continue through that date. through that date

226 "Emily Luebbering" (1978178560)  
00:26:02.789 --> 00:26:06.839  
We are 135 flexibility flexibilities.

227 "Emily Luebbering" (1978178560)  
00:26:06.839 --> 00:26:19.859  
Will be effective until the end of the, and all of your all of the appendix flexibilities are effective until 6 months after the ends.

228 "Emily Luebbering" (1978178560)  
00:26:23.154 --> 00:26:33.444  
That's the only update I have for the waivers right now, other than we do have Angie mentioned, we have the amendment out to right now,

229 "Emily Luebbering" (1978178560)  
00:26:33.444 --> 00:26:41.454  
for the rate increases that rate methodology and the addition of the health assessment and coordination service,

230 "Emily Luebbering" (1978178560)

00:26:41.574 --> 00:26:51.564

which is also known as the station service will be adding that to our waivers because right now it's currently part of an appendix K flexibility and, um.

231 "Emily Luebbering" (1978178560)

00:26:52.704 --> 00:27:06.354

And then we are also, you may have seen some emails about informal public comment for our waiver renewals that are our partnership for hope and most kids waver renewals. Those are due July 1st of 2023. that's been expire.

232 "Emily Luebbering" (1978178560)

00:27:06.354 --> 00:27:11.934

So that's when we will be extending them. We're already in the process of. in the process of

233 "Emily Luebbering" (1978178560)

00:27:12.839 --> 00:27:16.259

Reviewing changes for those for those.

234 "Emily Luebbering" (1978178560)

00:27:16.259 --> 00:27:20.339

Um, waivers and then amendments to make the match.

235 "Emily Luebbering" (1978178560)

00:27:20.339 --> 00:27:25.469

That kind of competency and the to make them match the partnership and for help.

236 "Emily Luebbering" (1978178560)

00:27:25.469 --> 00:27:35.969

And then we're also working on and amendments currently. So we'll be seeing you'll be seeing more about that as well as we move along the process of the BBP amendment.

237 "Emily Luebbering" (1978178560)

00:27:35.969 --> 00:27:46.409

Some stakeholder sessions have been scheduled if you haven't been a part of those already. That's all I have. I was going to hand it over to Denise.

238 "Emily Luebbering" (1978178560)

00:27:46.409 --> 00:27:49.919

I'm not if she's on today or just did you have.

239 "Emily Luebbering" (1978178560)

00:27:52.259 --> 00:27:55.649

I'm going to hand it over to.

240 "Denise Limback" (1254429440)

00:27:55.649 --> 00:27:59.279

Huh.

241 "Emily Luebbering" (1978178560)  
00:28:04.499 --> 00:28:10.169  
Um, Jess, I think you're on mute.

242 "Jess Bax" (280025344)  
00:28:10.169 --> 00:28:20.219  
Of course, so the double mute strikes again Denise is on so I'm going to turn it over to her in just a 2nd, but I did see a question.

243 "Jess Bax" (280025344)  
00:28:20.219 --> 00:28:28.944  
That came in regarding individuals who might be at their maximum funding with the rate increases that are coming in.

244 "Jess Bax" (280025344)  
00:28:29.244 --> 00:28:36.684  
And so those are handled on individual basis and that individual may need to move up into a different waiver.

245 "Jess Bax" (280025344)  
00:28:36.989 --> 00:28:41.309  
Um, depending on if we are also processing an increase.

246 "Jess Bax" (280025344)  
00:28:41.309 --> 00:28:45.899  
To the waiver maximum or.

247 "Jess Bax" (280025344)  
00:28:45.899 --> 00:28:50.459  
That related to the rate, so it's dependent upon the waiver.

248 "Jess Bax" (280025344)  
00:28:50.459 --> 00:28:57.719  
Um, and, um, so, for example, partnership for hope the maximum is not increasing.

249 "Jess Bax" (280025344)  
00:28:57.719 --> 00:29:01.409  
But with community support, I'm thinking.

250 "Jess Bax" (280025344)  
00:29:01.409 --> 00:29:08.009  
Emily, you can give me a nap as we can we increase that 1 to correlate with the rate increases. Is that right?

251 "Emily Luebbering" (1978178560)  
00:29:08.009 --> 00:29:14.189  
Yeah, it's it is, I think that 1 actually, is that right and create or? That's.

252 "Emily Luebbering" (1978178560)  
00:29:14.189 --> 00:29:28.764

That's in a different amendment, though. Oh, yeah. Waiver cat for the, the CSW is increasing with our rate increase.

253 "Emily Luebbering" (1978178560)

00:29:28.824 --> 00:29:36.474

You're right. That is yeah CSW will be increasing to 40,000 dollars if approved by CMS. cms

254 "Jess Bax" (280025344)

00:29:37.794 --> 00:29:49.404

So, we'll wait for those and just handle that on an individual level basis. We may have some individuals who are in the partnership for whoever who may need to move up into the community support waiver.

255 "Jess Bax" (280025344)

00:29:49.404 --> 00:29:57.114

And then we'll, we'll help work through that process for everyone. So, we don't want the rate increases that are.

256 "Jess Bax" (280025344)

00:29:57.389 --> 00:30:04.439

Intended to provide more access, preventing access so I appreciate that great question and I will turn it over to, to me.

257 "Denise Limback" (1254429440)

00:30:07.649 --> 00:30:13.889

Can you guys hear me? Okay yeah, I can hear you.

258 "Denise Limback" (1254429440)

00:30:13.889 --> 00:30:17.099

Oh, okay. Okay. Perfect. Thank you.

259 "Emily Luebbering" (1978178560)

00:30:17.099 --> 00:30:27.179

Good morning. Everyone sorry? You are cutting out? I don't know if it's just me.

260 "Jess Bax" (280025344)

00:30:27.179 --> 00:30:33.149

I can hear you, but you're cutting. Yeah, it's very choppy.

261 "Denise Limback" (1254429440)

00:30:33.149 --> 00:30:36.929

Hey, I don't know how to.

262 "Emily Luebbering" (1978178560)

00:30:36.929 --> 00:30:41.819

To fix that now you sound okay. I don't know.

263 "Denise Limback" (1254429440)

00:30:41.819 --> 00:30:45.234

Sound good. Okay. Well, I'll just, hopefully talk slow.

264 "Denise Limback" (1254429440)

00:30:45.654 --> 00:30:57.054

Um, so I wanted to take an opportunity to take today to talk to you guys about, um, an exciting opportunity for our communities related to oral health.

265 "Denise Limback" (1254429440)

00:30:57.384 --> 00:31:08.094

Um, the Missouri Coalition for oral health is working with enabled dental, and it's in an effort to improve oral health for our individuals and our communities.

266 "Denise Limback" (1254429440)

00:31:08.784 --> 00:31:16.014

Currently enabled dental is accepting 125 patients into their pilot program, and with this program,

267 "Denise Limback" (1254429440)

00:31:16.403 --> 00:31:29.184

they hope to encourage our individuals to utilize their Medicaid coverage and improve oral health for them across the Missouri state as a whole enable. Dental is.

268 "Denise Limback" (1254429440)

00:31:29.184 --> 00:31:32.184

whole enable dental is

269 "Denise Limback" (1254429440)

00:31:32.459 --> 00:31:35.699

April and available to provide onsite.

270 "Denise Limback" (1254429440)

00:31:35.699 --> 00:31:39.629

Mobile dental services, which is great and exciting.

271 "Denise Limback" (1254429440)

00:31:39.629 --> 00:31:48.869

Their program goal include improving oral health outcomes, improving education.

272 "Denise Limback" (1254429440)

00:31:48.869 --> 00:31:59.519

Um, helping with cost reduction for services, and they also want to collect data for individuals with intellectual and developmental disabilities.

273 "Denise Limback" (1254429440)

00:31:59.519 --> 00:32:04.589

Some of the services, they do provide include X rays.

274 "Denise Limback" (1254429440)

00:32:04.589 --> 00:32:14.249

They'll do exams and perform cleanings they can do extractions, complete fillings for the individual.

275 "Denise Limback" (1254429440)  
00:32:14.249 --> 00:32:21.179  
Currently in dental is serving the St Louis county Lincoln County.

276 "Denise Limback" (1254429440)  
00:32:21.179 --> 00:32:27.864  
Warren and Jefferson counties saint Charles Franklin Shelby in Munroe counties.

277 "Denise Limback" (1254429440)  
00:32:28.224 --> 00:32:42.354  
Um, and again it's a decreased cost, um, Medicaid providers are able to utilize these services that they have Medicaid. Um, they do have some bundle package pricing for preventative services as well.

278 "Denise Limback" (1254429440)  
00:32:42.684 --> 00:32:45.954  
And there is a reduced treatment fee schedule.

279 "Denise Limback" (1254429440)  
00:32:46.259 --> 00:32:53.909  
You do have to complete a consent form for the individual to be put into this program. Um.

280 "Denise Limback" (1254429440)  
00:32:54.114 --> 00:32:57.774  
And we will be sending out at the end of this meeting.

281 "Denise Limback" (1254429440)  
00:32:57.774 --> 00:33:09.894  
Today there will be an email blast that will come out with a flyer related to this information that I am sharing and what to expect with Tele, Dentistry kind of the steps that they go through, you know,

282 "Denise Limback" (1254429440)  
00:33:09.894 --> 00:33:13.764  
what to expect prior to the visit what happens with the 1st visit.

283 "Denise Limback" (1254429440)  
00:33:14.069 --> 00:33:24.719  
Um, you know, the assessment, the cleaning, how that happens, what to expect with the Tele, Dentistry examination and it kind of gives a summary and then for.

284 "Denise Limback" (1254429440)  
00:33:24.719 --> 00:33:31.139  
For future visits with to kind of expect, um, on this flyer it also shares with, you.

285 "Denise Limback" (1254429440)  
00:33:31.139 --> 00:33:36.299  
Um, the website for enabled dental, which is enabled dot com.

286 "Denise Limback" (1254429440)

00:33:36.299 --> 00:33:41.609

A phone number to reach out for information and there is also an email address.

287 "Denise Limback" (1254429440)

00:33:41.609 --> 00:33:50.489

Info at enabled dot com that you would send your consent forms to once they're completed and the consent form does.

288 "Denise Limback" (1254429440)

00:33:50.489 --> 00:34:01.919

Kind of give you what to expect as well. It asks for demographics information on your individual and of course, the insurance information, and kind of a history.

289 "Denise Limback" (1254429440)

00:34:01.919 --> 00:34:10.979

Medical history as to what is going on with that individual, and maybe some medications they might be taking my blood thinners things like that. That are important.

290 "Denise Limback" (1254429440)

00:34:10.979 --> 00:34:15.509

And then it gives an authorization and a release to be treated.

291 "Denise Limback" (1254429440)

00:34:15.509 --> 00:34:19.109

It also includes the privacy policy consent.

292 "Denise Limback" (1254429440)

00:34:19.134 --> 00:34:31.254

And gives a lot of information, um, on the, the back form, it's a 4 page consent form. So, like I said, that information on this enabled dental will be coming out to you guys in an email blast.

293 "Denise Limback" (1254429440)

00:34:31.524 --> 00:34:37.014

Um, that will link you directly to the flyer that I'm talking about. And then also the consent form.

294 "Denise Limback" (1254429440)

00:34:38.969 --> 00:34:44.459

And I can't see if there's any questions is there any questions that you can see here?

295 "Denise Limback" (1254429440)

00:34:45.509 --> 00:34:58.439

1 thing that we do need to remind folks of, is that the family or caregiver can just make the phone call. It doesn't have to be in the waiver authorization before they can call and use the service.

296 "Denise Limback" (1254429440)

00:34:58.439 --> 00:35:11.789

And then the other piece, someone did have a question that says is this dental program available to children. There are very few dentist to accept Medicaid and very few who are trained to support children with enroll areas.

297 "Denise Limback" (1254429440)

00:35:13.889 --> 00:35:21.869

Um, I currently don't know if there's any kind of an age restriction. Um, my suggestion would be to, um.

298 "Denise Limback" (1254429440)

00:35:21.869 --> 00:35:27.689

Request more information related to that at that info email.

299 "Denise Limback" (1254429440)

00:35:28.284 --> 00:35:42.414

Which again is, let me pull it back up. It's in the chat box. I put all that information in the chat box. Yeah, thank you. Hi. Good. Yeah. Info enabled it all dot com you're welcome to reach out to them and ask those questions.

300 "Denise Limback" (1254429440)

00:35:42.444 --> 00:35:45.894

I'm not aware of any age restrictions. Um, it's just.

301 "Denise Limback" (1254429440)

00:35:46.139 --> 00:35:51.029

For individuals, though that have intellectual and development and disability, so.

302 "Denise Limback" (1254429440)

00:35:51.029 --> 00:35:54.719

And it's funded through a grant.

303 "Denise Limback" (1254429440)

00:35:54.719 --> 00:36:03.419

The Missouri developmental disability council has a grant funding this. I believe.

304 "Denise Limback" (1254429440)

00:36:04.944 --> 00:36:19.704

We did have 1 other question, Amanda, you asked about areas in the state where this is available it is they are listed on the fly or on the flyer and I put the link in the chat box and Denise shared the counties currently serve St. Louis Lincoln.

305 "Denise Limback" (1254429440)

00:36:19.763 --> 00:36:31.524

Warren Jefferson, Saint Charles, Franklin, Shelby and Monroe, but as you'll see in the email blast, that's coming out. If you're if the county.

306 "Denise Limback" (1254429440)

00:36:31.799 --> 00:36:44.459

That you live in is not currently being served, it's recommended that you go ahead and fill out that application and show interest as they are looking for opportunity to possibly be able to expand.

307 "Emily Luebbering" (1978178560)

00:36:50.244 --> 00:36:54.534

This is Emily. I just want to echo what you mentioned, Denise.

308 "Emily Luebbering" (1978178560)

00:36:54.744 --> 00:37:08.484

Um, I've also spoken Leslie to grow and I are part of the dental with work with the dental council and then, and I know they've reached out and mentioned that they've had difficulty getting individuals.

309 "Emily Luebbering" (1978178560)

00:37:08.579 --> 00:37:21.869

On board with the enabled dental program, and this is definitely 1 of those resources if it fits for your county for your location. And I don't, I'm not sure on H.

310 "Emily Luebbering" (1978178560)

00:37:21.869 --> 00:37:31.469

Limit if there's any limit either at this point, I'm, I'm not familiar enough with the program, but, um, it is something that is very, you know, with the trained.

311 "Emily Luebbering" (1978178560)

00:37:31.469 --> 00:37:36.509

Background with developmental disabilities, that can be very.

312 "Emily Luebbering" (1978178560)

00:37:36.509 --> 00:37:45.599

Effective and helpful for our population, and also lead to potentially more support.

313 "Emily Luebbering" (1978178560)

00:37:45.599 --> 00:37:50.249

For funding for dental services.

314 "Emily Luebbering" (1978178560)

00:37:50.249 --> 00:37:56.369

For our population, so yeah, thank you, Emily.

315 "Denise Limback" (1254429440)

00:37:56.934 --> 00:38:11.574

It's definitely important information to get out. We definitely want to utilize and be a part of the 125 people that are being selected for this. So I would get your consents filled out and get them all send in and hopefully we get several people that are that.

316 "Denise Limback" (1254429440)

00:38:11.574 --> 00:38:13.764

Are involved in this. are involved in this

317 "Denise Limback" (1254429440)  
00:38:16.440 --> 00:38:22.590  
All right, um, if there are no more questions, I guess I will pass it  
back to just to wrap up.

318 "Emily Luebbering" (1978178560)  
00:38:24.360 --> 00:38:28.080  
I think I just had to jump off.

319 "Emily Luebbering" (1978178560)  
00:38:28.080 --> 00:38:34.410  
For another commitment was wanting to see if there were.

320 "Angela Brenner" (1208324864)  
00:38:34.410 --> 00:38:41.670  
Did you see any additional questions I think, and why? This is Angie. I  
do. I'm sorry. Hi.

321 "Angela Brenner" (1208324864)  
00:38:41.670 --> 00:38:49.410  
Oh, no, you're fine. We are probably going to mention the same thing. Go  
ahead, Andy. Okay. Yeah, there are a couple more questions that I did.  
See.

322 "Angela Brenner" (1208324864)  
00:38:49.410 --> 00:38:54.840  
Um, if that's okay, if I go ahead and address those, there is a question  
about the rate study.

323 "Angela Brenner" (1208324864)  
00:38:54.840 --> 00:38:59.100  
And so I just want to provide a little more clarification on that.

324 "Angela Brenner" (1208324864)  
00:38:59.100 --> 00:39:05.400  
Our targeted case management service we did a rate study with our  
Actuaries and with the providers.

325 "Angela Brenner" (1208324864)  
00:39:05.400 --> 00:39:08.640  
Um, for a rate.

326 "Angela Brenner" (1208324864)  
00:39:08.640 --> 00:39:18.150  
Methodology for state, fiscal year, 21, and we, at that time, we had also  
revised our state plan amendment to to incorporate that new right.  
Methodology.

327 "Angela Brenner" (1208324864)  
00:39:18.150 --> 00:39:23.130  
That was done, it went into effect state, fiscal year, 21. so we did that  
over.

328 "Angela Brenner" (1208324864)

00:39:23.130 --> 00:39:29.520  
Calendar year 2020, so that is the rate study that will be updating.

329 "Angela Brenner" (1208324864)  
00:39:29.520 --> 00:39:33.900  
This summer to bring all of those, that wage data and those assumptions.

330 "Angela Brenner" (1208324864)  
00:39:33.900 --> 00:39:38.970  
Up to date, with more current data, requires that rate studies are done.

331 "Angela Brenner" (1208324864)  
00:39:38.970 --> 00:39:43.170  
At least 1 time every 5 years, but because of.

332 "Angela Brenner" (1208324864)  
00:39:43.170 --> 00:39:47.850  
The things that are going on markets market wise.

333 "Angela Brenner" (1208324864)  
00:39:47.850 --> 00:39:53.640  
With wages and workforce shortages, we wanted to go ahead and bump up that.

334 "Angela Brenner" (1208324864)  
00:39:53.640 --> 00:40:03.570  
Targeted case management rate steady earlier than waiting for the 5 year period. So that is what that piece is. Someone also asked about.

335 "Angela Brenner" (1208324864)  
00:40:03.570 --> 00:40:08.250  
The waitlist and we did, we were notified this morning that our.

336 "Angela Brenner" (1208324864)  
00:40:08.250 --> 00:40:17.370  
Waitlist on our Web sites, the links weren't weren't working. Right? So those have just while we were on this call, those links have been updated. So.

337 "Angela Brenner" (1208324864)  
00:40:17.370 --> 00:40:22.050  
The current waitlist are on our Web site again and should be reporting it for.

338 "Angela Brenner" (1208324864)  
00:40:22.050 --> 00:40:25.140  
In home as well as residential.

339 "Angela Brenner" (1208324864)  
00:40:25.140 --> 00:40:31.500  
And I think those were the last did I catch the last bit of questions? I.

340 "Emily Luebbering" (1978178560)  
00:40:31.500 --> 00:40:36.180

Thanks, I just wanted us to mention station and D.

341 "Emily Luebbering" (1978178560)

00:40:36.180 --> 00:40:43.680

Just another reminder that station of D, and I kind of hit on it as well with the health assessment and coordination.

342 "Emily Luebbering" (1978178560)

00:40:43.680 --> 00:40:53.935

Um, service, it's, you know, currently approved through K, but we are proposing it be added to our wave all of our waivers as an ongoing service.

343 "Emily Luebbering" (1978178560)

00:40:54.115 --> 00:41:05.125

Just a reminder that it's there talk with your individual with your, um, talk with individuals about the service. And then, um, she wanted to remind everyone that.

344 "Emily Luebbering" (1978178560)

00:41:05.400 --> 00:41:17.850

Family or caregivers can just make the phone call, it does not have to be authorized before they call and use that service.

345 "Angela Brenner" (1208324864)

00:41:27.240 --> 00:41:35.820

I think that is probably it, I don't see anything else.

346 "Angela Brenner" (1208324864)

00:41:35.820 --> 00:41:40.530

All right perfect. Thank you. Everyone have a wonderful. Oh, wait.

347 "Angela Brenner" (1208324864)

00:41:40.530 --> 00:41:47.400

1, more thing to mention there is the next statewide service provider service.

348 "Angela Brenner" (1208324864)

00:41:47.400 --> 00:41:53.130

Service provider meeting there will be hosted by Carrie Williams and Wanda cracker on.

349 "Angela Brenner" (1208324864)

00:41:53.130 --> 00:41:59.670

August 18th, so, make sure to put that on your calendars. That's a big meeting with lots of great information.

350 "Angela Brenner" (1208324864)

00:41:59.670 --> 00:42:02.880

Okay.

351 "Angela Brenner" (1208324864)

00:42:02.880 --> 00:42:08.640

I think that's all now, everyone have a wonderful weekend, try to stay cool and hydrated.

352 "Angela Brenner" (1208324864)

00:42:10.440 --> 00:42:15.156

Thank you.
