Upcoming Webinar

MO DDD & You: What are the Fatal Five Fundamentals?

January 24, 2023
12:30 p.m.

This 30-minute lunch and learn webinar will focus on health concerns people with intellectual/developmental disabilities (I/DD) may experience that can lead to fatal outcomes, if left untreated. Attendees will learn about each of the health concerns, available resources, and how the Division's Health Risk Screening Tool (HRST) helps capture individual health risks.

Presenters:

- Lisa Nothaus, Supporting Families Lead
- Leslie DeGroat, Clinical Coordinator

Target Audience:

- Individuals
- Families
- Stakeholders
- Other interested individuals
