ASAM Treatment of AUD Course

ASAM Treatment of Alcohol Use Disorder Course- According to the 2021 National Survey of Drug Use and Health, 29.5 million people ages 12 and older had Alcohol Use Disorder in the past year. Alcohol Use Disorder is a chronic and complex disease that affects thousands of patients every year. There are evidence-based approaches to treatment, including non-pharmacological interventions and medications. Understanding these options and misconceptions about treatment alternatives can help improve outcomes for patients. Wednesday, **June 28, 2023 1pm-4:15pm CT**. [Register](#)

FUNDING OPPORTUNITIES

- New Supporting Justice, Behavioral Health and Housing Collaborations through Federal Funding** – Federal funding can be a key source to support the piloting, initial operations, or expansion of interventions that serve people with behavioral health needs in the justice system. These grants are also often paired with training and assistance to help communities through the challenges of advancing and sustaining new collaborations. [Read More](#)

2. **HRSA Funding Opportunity: Screening and Treatment for Maternal Mental Health and Substance Use Disorders** – The Health Resources and Services Administration (HRSA) recently announced an \$8.75 million funding opportunity for [Screening and Treatment for Maternal Mental Health and Substance Use Disorders](#). This grant program is open to States, Tribes, and Tribal organizations, and aims to “... expand health care providers’ capacity to screen, assess, treat, and refer pregnant and postpartum people for maternal mental health and substance use disorders (SUD). This will be accomplished by establishing, improving, and/or maintaining statewide or regional1 networks that provide real-time psychiatric consultation, care coordination support services, and culturally and linguistically appropriate training to maternity care providers and clinical practices.” This program will offer up to 14 awards of up to \$750 thousand per award. **Application Due Date: Friday, June 2, 2023.**
3. **Strategic Prevention Framework – Partnerships for Success for Communities, Local Governments, Universities, Colleges, and Tribes/Tribal Organizations** – The purpose of this program is to help reduce the onset and progression of substance misuse and its related problems by supporting the development and delivery of community-based substance misuse prevention and mental health promotion services. The program is intended to expand and strengthen the capacity of local community prevention providers to implement evidence-based prevention programs. **Application Due Date: Monday, June 5, 2023.** [Learn More](#)
4. **Request for Proposals-Opioid Crisis** – The City of St. Louis Department of Health seeks proposals for activities to address the Opioid crisis in the City of St. Louis by improving access to substance use treatment and recovery, furthering overdose prevention and harm reduction efforts, and providing services for those at high risk for overdose. **Application Due Date: Tuesday, June 6, 2023.** [Learn More](#)
5. **New Behavioral Health Partnership for Early Diversion of Adults and Youth** – The purpose of this program is to establish or expand programs that divert adults and youth with a mental illness or a co-occurring disorder (COD) from the criminal or juvenile justice system to community-based mental health and substance use disorder services (SUD) and other supports prior to arrest and booking. **Application Due Date: Tuesday, June 9, 2023.** [Learn More](#)
6. **Minority AIDS Initiative: The Substance Use and Human Immunodeficiency Virus Prevention Navigator Program for Racial/Ethnic Minorities** – is a \$10.3 million funding opportunity that aims “...to provide substance use and HIV prevention services to racial and ethnic minority populations at high-risk for substance use disorders (SUDs) and HIV infection.” This program will provide 34 awards, with at least two going to Tribes/Tribal organizations, of up to \$300,000 per award for up to five years. **Application Due Date: Tuesday, June 20, 2023.** [Learn More](#)

INFO and RESOURCES

1. **New Disaster and Preventive Psychiatry Course** – This 9-module course is interactive and will cover topics including: the basic concepts in disaster and preventive psychiatry, psychological and behavioral effects of disasters, risk and vulnerability to disasters, psychological first aid, risk and crisis communication, leadership consultation, and preparedness for disasters. It is designed for a broad range of healthcare workers, disaster responders, and community leaders. FREE APA account <https://my.psychiatry.org/s/login/?ec=302&startURL=%2Fs%2F>, APA Learning Center: <https://education.psychiatry.org/diweb/catalog>
2. **New Youth Suicide Rates Increased during the COVID-19 Pandemic** – In a new study supported by the National Institute of Mental Health, researchers analyzed national suicide data to understand the impact of the COVID-19 pandemic on youth suicide rates in the United States. They identified an increase in suicide deaths during the pandemic that varied by factors including gender, age, race and ethnicity, and suicide method. [Read More](#)
3. **New Show-Me ECHO Registration** – Please fill in the following information to register for Show-Me ECHO. A confirmation email will be sent to you within a few hours of your registration being submitted (it may be routed to your junk/spam folder at first). You can expect to start receiving invitations to ECHO sessions within 24-48 hours. Contact MTN Evaluation Team at mtnevaluation@health.missouri.edu if you have any questions or problems registering. [Register](#)

4. **New Study Shows Naloxone Expansion not associated with Increased Heroin Use among Teens** – A new study from researchers at Columbia University and published in the International Journal of Drug Policy found that adoption of laws to increase naloxone access was not associated with a meaningful change in drug use rates, including heroin use among teens. [Read More](#)
5. **New New Opioid Overdose Reversal Nasal Spray Received FDA Approval** – The US Food and Drug Administration (FDA) announced on Monday that it has approved a new opioid overdose reversal nasal spray for patients at least 12 years of age. [Read More](#)
6. **New An Innovative Strategy to Access Harm Reduction Resources** – Increasing access to empirically supported harm reduction resources, including naloxone, safer injection kits, and fentanyl test strips, could help prevent overdose deaths and other drug use related harms. This study evaluated the impact of an automated harm reduction resource machine on the accessibility of harm reduction supplies and the local incidence of fatal overdoses and HIV during its first year in operation. [Read More](#)
7. **New Relationships among Discrimination, Alcohol Use, and Mental Health are Complex and Variable for Young Men that Identify both as Racial and Sexual Minorities** – Young Black and Hispanic men who have sex with men (MSM) report more harmful alcohol use and higher rates of depression compared to young heterosexual men. Theory suggests these health disparities may be linked with experiences of discrimination related to their sexual and racial/ethnic identities. This study examined how experiences of discrimination were associated with depression and alcohol use over time among a sample of youth racial and sexual minorities. [Read More](#)
8. **New Large Youth Study Reinforces Importance of Addressing Substance Use in Mental Health Treatment** – Mental health concerns and substance use often co-occur, particularly among adolescents and young adults. This study identified common patterns of their co-occurrence for adolescents receiving mental health treatment to inform best practices for this age group. [Read More](#)
9. **New Population Study Finds Depression is Different Before, During and After Pregnancy** – New research funded by the National Institute of Mental Health tracked population-level rates of postpartum depression among new mothers before, during, and after pregnancy. This study's findings support the idea that pregnancy and postpartum are risk periods for maternal mental health. [Read More](#)
10. **DEA Requirements for Prescribers** – All DEA license holders will be required to take an 8-hour course on the treatment and management of patients with opioid or other substance use disorders. **The first deadline is coming up on June 27, 2023. For full details, visit the SAMHSA website and DEA Website**

TRAINING OPPORTUNITIES

1. **New Quality Outcomes and Behavioral Health Treatment** – Measurement-informed care is an essential component of integrated care that regularly and systematically uses patient data to inform clinical decisions and improve the quality of care. By using patient data to inform clinical decisions, providers can develop personalized treatment plans, intervene early to prevent complications, improve medication management, promote coordinated care and engage in continuous quality improvement. **Tuesday, May 30, 2023, 12pm CT.** [Register](#)
2. **New CCBHS's and Crisis Response Services for Children, Youth and Families** – This webinar will highlight important Certified Community Behavioral Health Clinic (CCBHC) service array customizations required to meet the unique needs of children, youth and young adults with serious emotional disturbance and their families. **Tuesday, May 30, 2023, 1:30pm CT.** [Register](#)

3. **Recovery Oriented Systems of Care** – This powerful training session will dive into the significance of personal experience in a recovery-oriented care system. Participants will learn how the power of sharing our experiences can ensure sustainability, help us build stronger communities, and help us work toward a recovery-ready ecosystem model. *Tuesday, May 30, 2023, 1pm CT.* [Register](#)
4. **The Impacts of Opioid Addiction on the Rural Workforce** – According to the American Farm Bureau Federation, 45% of rural adults say they have been impacted by the opioid epidemic, and 74% of farmers and farmworkers have been directly affected. Rural communities encounter unique challenges when combating substance misuse in the community and the workplace. Rural areas typically have a high poverty rate, are sparsely located, and lack access to healthcare, mental health, and recovery services. To tackle opioid misuse, strong community partnerships, quality programs to connect people in recovery to employers, and supportive services are central to ensuring a productive and strong workforce and community. *Wednesday, May 31, 1pm CT.* [Register](#)
5. **New Leveraging Data to Transform and Retain the Integrated Care Workforce** – Data can be a powerful tool to transform and retain the integrated care workforce. By effectively collecting and analyzing data, your organization can enhance the integrated care workforce by optimizing staffing, improving performance, addressing retention risks, enhancing employee satisfaction and fostering a culture of diversity, equity, inclusion and belonging (DEIB). These changes can lead to improved patient outcomes, increased efficiency and a more sustainable integrated care delivery model. . *Wednesday, May 31, 1pm CT.* [Register](#)
6. **New Opioid Use Disorder in Pregnant and Postpartum People: The Treatment and Policy Landscape** – Opioid use disorder (OUD) can have complex, potentially fatal implications for new and expecting parents and their babies, including low birth weight, clinical challenges with medical dosing and increased risk of accidental death. In the U.S., a baby is born passively dependent every 15 minutes. To ensure best health outcomes for both birthing parent and child, policies must allow care providers to engage in evidence-based treatment and protect clients from legal ramifications. *Wednesday, May 31, 2pm CT.* [Register](#)
7. **New Effective Strategies for Distributing Naloxone in Rural Areas** – As rates of overdose continue to rise across the country, effective naloxone distribution is a critical component of states’ response to this ongoing crisis. Rural communities, often at a disadvantage for the expansion of life saving harm reduction efforts due to infrastructure and accessibility, are of particular concern for many states. *Thursday, June 1, 2023, 2pm CT.* [Register](#)
8. **Cannabis Trends and Treatment** – This webinar will feature experts Michael Sofis, Ph.D., and Mackenzie Slade from Cannabis Public Policy Consulting, who will share their insight on a number of hot-button issues, such as cannabis use in the workplace and digital treatment interventions. *Thursday, June 1, 2023, 2pm CT.* [Register](#)
9. **Recovery Leadership Summit 2023** – The Recovery Leadership Summit awards pay homage to recovery trailblazers who have dedicated their lives to removing barriers, improving outcomes and restoring hope to individuals, families and communities affected by substance use disorder. *June 4-7, 2023.* [Register](#)
10. **Stewards of Children** – Stewards of Children® is an evidence-informed, award-winning two-hour training that teaches adults to prevent, recognize, and react responsibly to child sexual abuse. Through interviews with child sexual abuse survivors, experts, and treatment providers, Stewards of Children® teaches adults practical actions they can take to reduce instances of child sexual abuse in their organizations, families, and communities. *Monday, June 5, 2023, 11am-1pm CT.* [Register](#)
11. **Trauma Informed Practices for Healthcare** – This interactive session will increase healthcare providers understanding of the actions of people who have experienced trauma, share signs of emotional dysregulation, and provide practices that are designed to help people calm when they are in a dysregulated emotional state. *Tuesday, June 6, 2023, 12:30pm-3:30pm CT.* [Register](#)

12. **Culture, Equity, Diversity, an Inclusion Symposium** – Join us for our first ever one day event to network and collaborate with each other to amplify our efforts to embed culture, equity, diversity and inclusion in our daily work and life! The speakers and topics will lend itself to equitable support, guidance, and resources. **Wednesday, June 7, 2023, 7:30am-4:30pm CT.** [Register](#)
13. **Financial Wellness for People with Disabilities Training** – Here is fantastic free opportunity to help persons served achieve their financial goals. If you've ever worked with someone on budgeting and improving their ability to manage/understand their finances, this is the training for you! Continuing Education Credits are provided. Spaces are limited! Topics covered include Money, Financial Services, Tax Prep Assistance, Credit, Social Security Work Incentives, Identity Protection, and ABLE accounts. **June 7-8, 2023.** [Register](#)
14. **New Best Practices for Supporting and Affirming LGBTQI+ Youth** – Like all youth, LGBTQI+ young people (individuals who identify as lesbian, gay, bisexual, transgender, queer and questioning, intersex and other sexual and gender minorities) deserve to grow up in supportive environments that allow them to thrive without discrimination. When seeking mental health and substance use treatment, LGBTQI+ youth and their families deserve evidence-based care from knowledgeable providers. **Thursday, June 8, 2023, 12pm CT.** [Register](#)
15. **Prevent Suicide in Jails and Prisons** – Suicide is the number one cause of death in US jails and the third cause in prisons. Inmates are among the highest risk group for suicide world wide. **Thursday, June 8, 2023, 1pm-4pm CT.** [Register](#)
16. **New Marijuana in Missouri and the Impact on Children and Youth** – Come Learn about the changes in legislation regarding marijuana in Missouri and the impact on children and youth.
17. **Problem Gambling among Service Members and Veterans: Education, Awareness, and Outreach** – This webinar will provide attendees with information related to the prevalence of problem gambling in the service member and veteran population. Attendees will also have an opportunity to learn about treatments, outreach, and education and awareness resources from the Department of Veterans Affairs, the National Council on Problem Gambling, and state-level problem gambling councils. **Friday, June 9, 2023, 12pm CT.** [Register](#)
18. **Love Is Not Supposed to Hurt: The Effects of Domestic Violence on Children** – This session will provide information on the dynamics of domestic violence, the effects it has on children, and the resources that are out there to help those in domestic violence situation. **Monday, June 12, 2023, 1pm CT.** [Register](#)
19. **New Strengthening Community Relations and Lessening Stigma** – This informative session is designed to empower recovery community organizations who want to offer direct services to people who use drugs, by teaching effective strategies to overcome local resistance and break down negative stereotypes. **Tuesday, June 13, 2023, 11am CT.** [Register](#)
20. **New Monthly Tobacco Use Disorder Integration Office Hours** – this webinar will engage in peer-to-peer learning, share insights and strategies and gain access to individualized tools and resources. **Tuesday, June 13, 2023, 1:30pm CT.** [Register](#)
21. **New Building Successful Overdose Prevention and Response Programs in Community Corrections** – Community supervision officers are uniquely positioned to reduce overdose risk among individuals under supervision. To succeed, community supervision staff would benefit from additional education on substance use disorders and training in evidence-based overdose prevention practices, including approaches to building trust and rapport with people under supervision. **Wednesday, June 14, 2023, 1pm CT.** [Register](#)

22. **New Developing Culture Champions to Promote and Inclusive and Welcoming Organizational Culture** – Incompass Human Services – powered by its dedicated, diverse and inclusive Care Champion workforce has historically experienced low vacancy and turnover rates in comparison to similar organizations. In fact, the agency has grown continuously while maintaining great stability in its workforce, adding 54 new positions in the first quarter of 2023, with a turnover rate of 2.5% in that period. **Wednesday, June 14, 2023, 1pm CT.** [Register](#)
23. **New Harm Reduction Engagement: A Look at Motivational Interviewing** – In this session, we'll introduce you to the art of motivational interviewing and provide you with the tools to empower individuals on their recovery journey. **Tuesday, June 20, 2023, 11am CT.** [Register](#)
24. **New Rural Affordable Housing: Preparing Your Organization for Young Adult Focused Housing Development** – This webinar session will explore strategies and approaches to help your agency engage and collaborate with young adults to develop youth-centered housing projects. **Tuesday, June 20, 2023, 2pm CT.** [Register](#)
25. **What is SCEC (Commercial Sexual Exploitation of Children) and What Does it Look Like in My Community** – The definition of Commercial Sexual Exploitation of Children. What CSEC looks like in my community; including overview of a case study. Victims of child exploitation or trafficking cases do not self-identify and the process of disclosure. Female offenders and familial ties exist and may be difficult to detect, Identify resources for child exploitation cases. **Wednesday, June 21, 2023, 9am-11am CT.** [Register](#)
26. **New Problem Gambling and Substance Abuse Conference** – Mid-America ATTC is pleased to promote the 20th Annual Midwest Conference on Problem Gambling and Substance Abuse. The conference's mission is to promote and unify education, science, and services to improve the quality and availability of community-based problem gambling and substance use treatment services for individuals and families who need them. **June 21-23, 2023.** [Register](#)
27. **A Journey Through the Personality Disorders: Exploring Diagnosis and Treatment Approaches** – This workshop will introduce learners to the core 10 personality disorders and their associated clusters. Diagnostic criteria will be reviewed for each disorder, and case studies in written and video form will highlight core characteristics of disorders. Learners will be encouraged to use diagnostic skills to identify traits and symptoms of each disorder. General treatment protocols for each of the cluster categories will be presented, and learners will be given resources to explore more in-depth treatment approaches. **Thursday, June 22, 2023, 1pm-4pm CT.** [Register](#)
28. **ASAM Skill Building Course** – This 8-hour virtual live course expands on the content discussed within the ASAM Criteria One-Day Foundations course and provides an in-depth understanding of developing individualized treatment plans, evaluating initial reviews and continued stay reviews, and determining when it is appropriate to initiate transfer or discharge of a patient from treatment. **Friday, June 23, 2023, 8:30am-5:30pm CT.** [Register](#)
29. **Diagnosis and Treatment of Eating Disorders Webinar** – This Zoom webinar will educate participants on the signs and symptoms of eating disorders and all the ways those symptoms can manifest in different patients. Participants will also grow in their confidence to interact with those suffering from eating disorders and know when to refer them to a specialist or a higher level of care. **Friday, June 23, 2023, 9am-12pm CT.** [Register](#)
30. **New Open Science in Gambling Research** – Open Science (OS) is the movement to make scientific research, data and their dissemination available to any member of an inquiring society, from professionals to citizens. OS is especially important in cases of gambling industry-funded research on gambling disorder and responsible gambling to ensure that the research process is ethical, transparent, and unbiased. **Tuesday, June 27, 2023. 1pm-2:30pm CT.** [Register](#)
31. **New Group and Family Based Cognitive Behavior Therapy for Psychosis Training** – This two-day training (with an optional third day) will provide mental health clinicians the skills and knowledge to deliver group and individual Cognitive Behavioral Therapy (CBT) interventions for youth and young adults at clinical high risk (CHR) of developing psychosis and those experiencing First Episode Psychosis (FEP). An optional add-on one-day training in CBT Skills for

Families will give providers the skills and knowledge to deliver a family-based intervention, which integrates teaching family members CBT and communication skills to support youth's acquisition of CBT skills and promote a positive family environment. If you have any questions regarding the training, please contact Rachel Kryah at Rachel.Kryah@mimh.edu **July 5-6, 2023**.

32. **NAMI Homefront Teacher Training** – This training is for individuals who have taken a NAMI Homefront Course as a participant and are interested in becoming a course teacher. Based on the nationally recognized NAMI Family-to-Family program, NAMI Homefront is designed to address the unique needs of family, caregivers and friends of those who have served or are currently serving our country. The program is taught by trained family members of service members/ veterans with mental health conditions. **July 15-16, 2023**. [Register](#)
33. **New Missouri Suicide Prevention Conference-Virtual** – **July 19-20, 2023**. [Register](#)
34. **The Communities Project and D-Degree Coaching and Training** – Working with The Communities Project and D-Degree Coaching & Training, we are excited to invite you to apply to a leadership cohort for 20 peers across Missouri. In the Transformational Leadership Cohort, experienced and emerging peer leaders will participate as a group in five workshops and five executive one-on-one coaching sessions First Session is **Friday, July 21, 2023**. [Register](#)
35. **Harm Reduction Conference** – This conference will provide two days of harm reduction- focused learning, collaboration, and capacity building. **August 2-3, 2023**. [Register](#)
36. **Psychosis 101 Training** – Provide 1.5 hours virtual training that will include a screener and discussion of the screening process. Assist providers in learning how to talk to clients and families about possible psychosis symptoms as well as understand the importance of early intervention and treatment. Provide a brief overview of diagnostic criteria, describe the threshold for attenuated versus full psychosis, and discuss role of culture and trauma, the importance of good therapeutic rapport, and emphasize educating referral sources. Virtual format, recorded, and made available online. **Tuesday, August 8, 2023, 10am-11:30am CT**. [Register](#)

RECURRING TRAINING OPPORTUNITIES

1. **2023 OUD ECHO (Opioid Use Disorder) WebEx Discussion Series** – [Register](#)
2. **Peer Supervision Training** – **CONVERTED TO ALL Online Self Study Course** – We are pleased announce that Basic Peer Supervision training has been converted into an all online self-study course! It is still free, and rather than having to wait around until the next month it was being offered that had openings...now you can take it whenever it fits into YOUR schedule. It has the same contact hour value (6 hours). [Enroll](#)
3. **2023 Motivational Interviewing Training** – The **Missouri Behavioral Health Council** is providing four regional Motivational Interviewing trainings, along with a coding add on training. Training begins in February and will be all in person in the different regions below. You must attend the initial and follow up training to complete the full training. To register and for more information on the trainings, times and locations click the registration link. If you have any questions reach out to events@mobhc.org [Register](#)
4. **Specialty Peer Instruction Series** – The UMSL-MIMH SOR 3.0 team, in close collaboration with six of Missouri's Certified Peer Specialists, created a Specialty Peer Instruction series designed to help expand knowledge for peers beyond the Certified Peer Specialist courses. These modules are now available for peers for FREE! Topics include: How to talk about Medication for Addiction Treatment; Professional expectations, ethics, and boundaries; How to identify and address stress, compassion fatigue, grief, and secondary trauma; Working with peers with co-occurring mental illness and substance use disorders; and How to assess and refer peers experiencing suicidality, domestic violence, and sex trafficking. Individuals will also be able to receive continuing education credits towards their CPS renewal and the Advanced CPS credential. [Register](#)

5. **Certified Peer Specialist-In Person Training** – The Missouri Credentialing Board is excited to announce 3 live CPS training opportunities in three more regions of the state during 2023. [Register](#)
 - Southwest-June 12-16, 2023, Springfield
 - Southeast-July 10-14, 2023, Cape Girardeau
 - East-October 2-6, 2023, St. Louis

6. **2023 Peer Specialist Trainings** – Please see the peer specialist trainings provided by the MCB below.
 - Certified Peer Specialist Basic Training – [Register](#)
 - Certified Peer Specialist Specialty Training – This training can only be taken by those who already hold a CPS or CRPR credential. The topics will change monthly, please refer to the registration form for the topics being offered during the current quarter. [Register](#)

7. **QPR Train the Trainer** – The Missouri Department of Mental Health is partnering with the Missouri Behavioral Health Council to offer three QPR Training of the Trainer training sessions. Participants will become certified QPR instructors and be able to teach QPR at their agencies or in their communities. Participants will learn how to teach QPR and be given the materials including training resources for completing a training for 25 people. This training will be in person at the Missouri Behavioral Health Council. Information regarding registration is below. QPR Train the Trainer: [Register](#)
 - **June 9, 2023**-MBHC-Jefferson City, MO

8. **AMSR SUD Training** – AMSR-trained professionals report increased willingness, confidence, and clarity in working with people at risk of suicide. The AMSR-SUD Training workshop prepares health and behavioral healthcare providers working in substance use disorder treatment settings to provide confident and empathetic treatment to patients at risk of suicide. AMSR Training workshops provide a full day of training. [Register](#)
 - **May 30, 2023**-Burrell Behavioral Health-Springfield, MO
 - **June 13, 2023**-Compass-Warrensburg, MO
 - **June 14, 2023**-Tri- County- Kansas City, MO
 - **June 15, 2023**-Compass-Clinton, MO

9. **Peer Supervision Trainings** – This training is strongly encouraged for any current or future peer specialist supervisor (individuals supervising a CPS). It will discuss the process someone goes through with the MCB to become a peer, as well as some basic information for supervising peers such as how to bill for peer services, how to write a job description for a peer, and what types of services a peer can and should do. This training will be done in a virtual format. Once registered, you will be given a link to watch 4 videos and should watch them all prior to the Zoom meeting. To take this training, you will need the technology ability to watch the 4 videos and be on the Zoom meeting.
