MODD Content Self-Registration Portal Reporting for VBP DSP Training

The Division is streamlining access to essential information for providers using the MODD Content Self-Registration Portal by providing detailed provider reports for the Value Based Payments (VBP) Direct Support Professional (DSP) Training Plan. These reports will allow providers to closely monitor and manage the progress of staff using the self-registration portal to access the training plan. These comprehensive reports include credit hours earned by learners and tailors output data for each individual.

Providers using the MODD Content Self-Registration Portal that would like to receive training plan reports should email the VBP mailbox at DMHDD.VBP@dmh.mo.gov; include Self-Registration Portal Report in the subject line.

Providers with their *own Relias sub-portal* that would like assistance in setting up reports, email the VBP mailbox at DMHDD.VBP@dmh.mo.gov; include Sub-portal Reports in the subject line.
