## Growing Healthy Communities Podcast

The Department of Mental Health (DMH) Children's Office's *Growing Healthy Communities* podcast is for parents and community members to better support youth in Missouri. Licensed professionals and individuals with lived experiences will present topics identified by parents, caregivers, and community members that address the needs of youth and families.

The third episode of *Growing Healthy Communities* is now available. Join Amber Stockreef, DMH Interdivisional Children's Services Coordinator, and Dawnne Dehne, Rediscover Family Support Partner, as they discuss "Parent or Family Peer Support- What is it? How does it help? And how do I find it?".

Additional podcast information, including transcripts, is available on the [Children's Services Podcasts webpage](#)
