FREE Missouri Open Door Technology Series

Topic: Advocacy for Assistive Technology (AT)
in Schools and IEP Meetings

August 28, 2024
12:30 pm - 1:30 pm

The Missouri Open Door (MOD) Workshop Technology Series is a FREE monthly virtual workshop, with each session designed to focus on a specific topic area and technology. Workshop participants will learn about ideas and solutions that can be used immediately for themselves and the people they support.

This webinar will focus on how to advocate for assistive technology in schools and in Individualized Education Plan (IEP) meetings.

The goals of this session are to:

- Provide immediate-use ideas to advocate for AT
- Strengthen everyday knowledge about technology
- Incorporate and understand local service and support strategies
