Missouri Quality Outcomes Talking Points Series
Episode 7: Community Living and Social and Spirituality

The Division has partnered with the UMKC-Institute for Human Development to develop the Missouri Quality Outcomes Talking Points Series. This video series explains what the Outcomes are and what they mean for people with an Intellectual or developmental disability (I/DD). The Division also uses the Outcomes to improve the quality of services.

The seventh episode is a two-part episode. Part 1 is on Community Living. This includes information about choosing a home and community and accessible housing. Part 2 is on Social and Spirituality. This includes choice of free time activities and the importance of social relationships.

To view part 1 and part 2 of episode 7, and the other episodes, visit the Division's [Missouri Quality Outcomes page](#). The episodes are under the Missouri Quality Outcomes Talking Points Series dropdown menu.
