### **National Disability Employment Awareness Month (NDEAM)**

Access to Good Jobs for All -  
Employment First Missouri

Each October, NDEAM recognizes the contributions of individuals with disabilities in the workforce. The Missouri Division of Developmental Disabilities has made employment a priority and recognizes the importance of supporting individuals with "Access to Good Jobs for All". Employment First MO provides technical assistance to promote the advancement of integrated community employment in Missouri.

[Employment First Specialists](#) are available to:

- share national best practices pertaining to competitive integrated employment
- provide training and technical assistance
- assist businesses, community organizations, schools, service providers, and support coordinators to increase community employment opportunities.

Visit the [Employment First MO](#) website for a list of free upcoming trainings and events on national best practices.
