Employment First Missouri Training Series  
***Strategic Networking: Building Meaningful Connections with Intention***

Thursday, October 24, 2024  
1:00 - 2:30

Strategic networking involves setting goals and considering different techniques to expand personal and professional networks in a meaningful way. Topics include:

- Strategies and connection to quality services and best practice,
- Matching personalities to methods,
- Action plan and mentoring.

The exercises will provide attendees with the opportunity to begin a reflective practice to consider past, present, and future networking efforts including time devoted and analysis, with the goal of increasing one's social capital which is essential for robust employment services.
