Behavioral Health and Intellectual/Developmental Disability (BHIDD)
Virtual Learning Collaborative

Trauma Informed Support

January 29, 2025
9:30 - 11:30

This training focuses on the unique vulnerabilities of individuals with Intellectual/Developmental Disabilities (IDD) in developing trauma-related disorders. Participants will learn to identify the risks and recognize how a history of trauma can manifest as challenging behaviors. The session will provide practical strategies for adapting trauma treatment and support to meet the specific needs of individuals with IDD, ensuring a compassionate and effective approach. CEs are included.

Learning Objectives:

- Identify risks of individuals with IDD for developing trauma-related disorders.
- Recognize how trauma history can present as challenging behavior.
- Identify methods for adapting trauma treatment and support for individuals with IDD.

Registration.

Please note: Registrants will receive an email 24 hours before the scheduled session with their personalized Zoom link needed to join. Do not share this link with others, as it is personal to you.
