**Behavioral Health and Intellectual/Developmental Disability (BHIDD)
In-Person Regional Training**

March 3, 2025 - March 21, 2025

This in-person training is for clinical and/or administrative staff who previously completed the Trauma Informed Support and Genetics of IDD virtual BHIDD webinars. Attendees will discuss implementation challenges and successes related to BHIDD-related needs, services, and best practices. Come prepared to share and show off what you are doing related to trauma-informed support information and the genetics of IDD. Staff are encouraged to include individuals with BHIDD in the networking events.
