

2/11/25

FREE Missouri Open Door Government Benefit Series
Topic: Family Navigation Programs

February 12, 2025
12:30pm – 1:30pm

The Missouri Open Door (MOD) Workshop Technology Series offers FREE monthly virtual workshops, with each session designed to focus on a specific topic area that provides participants with immediate use ideas and solutions.

During this session, Missouri Family-to-Family and the Special Health Care Needs Family Partnership will highlight staff with lived experience that help provide peer support and information to individuals and families across Missouri. These free programs help connect people to informal and formal services, navigate complex systems, and access tailored resources to meet unique needs.

Intended audience include individuals and family members as well as professionals providing person-centered planning and/or problem solving.

[Register](#) for this workshop.

Questions should be directed to angelinaalpert@umkc.edu.
