

3/5/25

## Important Update Relias Course Republishing

On **March 25, 2025**, Relias will be [republishing several courses](#) to address minor issues.

### What This Means for Learners

- Learners currently enrolled in one or more of the affected courses must complete courses by **March 25, 2025** to avoid losing progress.
- If a course **is not completed** by this date, progress will be reset, and the learner will need to restart the course after republishing.
- Learners who have not yet started these courses should wait until after March 25 to begin to avoid losing progress.
- The updated courses will automatically replace previous versions in active Training Plans.

Providers can run reports on Relias to identify learners needing notified. If assistance is needed running reports, please contact [ddmail@dmh.mo.gov](mailto:ddmail@dmh.mo.gov).

For further details, please refer to **The Relias Pulse Newsletter** on **Relias Connect**. If you have any questions, please reach out to the Relias Support Center within your account.
