

Topic: Bridging Aging and Disability

**National Collaborative for Supporting Families
FREE Best Practice Series**

**June 26, 2025
1:00pm-2:30pm**

[REGISTER](#) for this session.

The Best Practice series, hosted by the National Collaborative for Supporting Families Community of Practice, will introduce innovative services, supports, and policies directly related to supporting families. Each session will feature a panel of National, State, and local organizations providing services and support for families across the lifespan.

Register for this session and join the call to learn about the needs of people with disabilities and their caregivers who are aging. A panel of states will share about the work they are doing to promote best practices for supporting these populations and how they bring together Aging and Disability system partners.

Direct all questions about this event to umkcctlc@umkc.edu.
